MESSAGE TO THE HOME FOLKS. Pfc. James H. Rech, son of Mr. and Mrs. Herman Rech of 539 Mound street, sends the news home via a voice recording made at the U.S.O. club near Ft. Monmouth, N. J. Recently shipped overseas, Pfc. Rech was home on furlough in August at which time he married Lois Jean Pickens of 147 Blaine avenue. The U.S.O. hostess assisting Pfc. Rech is Annette Argenti of New Jersey.

U.S.O. One of Red Feather Agencies

Servicemen All Over World Will Benefit From Chest Donations

This is one of a series of articles on Red Feather Agencies participating in the Marion County Community Chest. They are published to show the importance of Marion County residents' contributions to the Community Chest fund campaign scheduled to begin Oct. 16.

FOUR MILLION American men and women, many of them teenagers, are expected to be in uniform in 1952. Sprinkled among them—perhaps on the battlefields of Korea, in the cold reaches of Alaska, in the heat and sweat of training camps here and abroad, at the lonely outposts of occupation and defense—will be increasing numbers of our young people from right here in Marion County and County.

Community Chest drives all over the United States are including a very important fund—the United Defense Fund which includes the new U.S.O. created early this year—to return, in a small way, the immense debt owed to these people who are America's defenders of free peoples and free living everywhere. Marion's share of the United Defense Fund which will be raised during the coming Red Feather Drive, Oct. 16 through Oct. 25, is \$3,500.

THE FUNCTIONS of the U.S.O. are all aimed at providing a decent place for servicemen and women to spend off duty hours, wholesome recreation and healthy fun; a friendly hand with personal problems, contact with the civilian community, and a chance to keep in touch with the kind of life they are fighting to preserve. These objectives are being gained through U.S.O. clubs, family centers, U.S.O. Travelers' Aid, and U.S.O. Camp Shows which bring fine entertainment, including top-name stars, to break the monotony and remind our men and women in isolated outposts, garrisons, and hospitals that we back home appreciate what they are doing for us.

All these U.S.O. activities combine the skill and experience of seven member agencies: the Young Men's Christian Association, the National Catholic Community Service, the National Jewish Welfare Board, the Young Women's Christian Association, the Salvation Army, the National Travelers Aid Association, and Camp Show, Inc.

Agreement On Tax Boost Likely Today

Tentative Approval Reported Given By Senate-House Group

WASHINGTON, Oct. 11—(AP)—Final agreement on a bill estimated to increase taxes \$6,000,000,000 or more a year seemed likely today after some last minute bargaining between House and Senate conferees.

A tentative agreement was said to have been reached yesterday on one of the big issues—the size of the individual income tax boost.

Unofficially, it was reported that a tentative decision had been reached to boost income taxes in all but the highest brackets by 11½ percent, but members of the conference committee who declined to be quoted by name cautioned that no final decision has been made and that the question would be gone over again.

To low and medium income taxpayers, the exact details of the compromise were without much pocketbook significance. The total difference could not be more than \$150 on each \$100 of taxes paid. The Senate has voted to increase the taxes of all except those in the very highest brackets by 11 percent; the House approved a general 12½ percent rise above present levels.

Other Controversies

Other controversies remaining to be ironed out include proposals to tax co-operatives, mutual savings banks and building and loan associations, to raise the rate of the capital gains tax, and to make a greater portion of corporate income subject to excess profits tax.

Most members of the conference, Democrats as well as Republicans, appeared hopeful of achieving a complete agreement today. The compromise measure worked out by the committee is subject to final approval by the House and Senate.

Decisions were reached yesterday on two sharply disputed points.

The House conferees agreed to give up their plan to withhold taxes at the source on dividends, interest and royalty payments—a proposal they argued would bring in \$323,000,000 a year revenue from income otherwise not reported by those who receive it.

Accept Amendment

Then the House members accepted, in slightly modified form, the Senate's amendment forbidding the federal government from cutting off public assistance aid to states which make public the names of persons on the relief rolls. A proviso was added that state laws must forbid use of such lists for commercial or political purposes.

The Senate had added the amendment after the federal government had cut off aid to Indiana because the legislature had passed a law opening the relief rolls to public inspection.

1952 Budgets In Community Chest

U.S.O. (United Defense Fund)	\$ 3,500
Total All Agencies	\$97,764

merely to guard and wait, the United Defense Fund and the U.S.O. will be at their side, meeting their needs, making it easier for them. But to meet these demands, we must give them our unselfish and generous financial support. The United Service Organizations will seek \$13½ million through Red Feather Campaigns this month. Our share is our responsibility to the men and women of Marion who are, and will be, in uniform next year.

Remember the U.S.O. when making your contribution; and remember it's a Bigger Red Feather for 1952.

U.S. Communists Denounce Capture of Party Official

(Pictures on Page 21)
TEXARKANA, Tex., Oct. 11—(AP)—Communist party members from New York to Mexico stewed today while Gus Hall, fugitive party secretary arrested in Laredo yesterday, stewed in a federal correctional institution here.

These two developments followed Hall's capture in Mexico City and his swift movement to FBI men at the border town of Laredo.

1. A group in Mexico City, including Artist Diego Rivera and Communist Terrazas, protested the move and said it would take Hall's case to President Miguel Aleman.

2. In New York the Communist party called the Supreme Court's refusal to review its decision upholding Hall's (and 10 others) conspiracy conviction "a cause for gravest alarm."

Hall and 10 other top U.S. Communists were convicted of violating the Smith Act, which makes it a federal crime to teach or advocate the overthrow of the government by force or violence. Eight of the 11, including Hall now, are serving prison sentences. Robert Thompson, Gilbert Green and Henry Winston are still at

Reds Optimistic

Report Progress In Bid To Reopen Truce Talks

MUNSAN, KOREA, Oct. 11—(AP)—United Nations and Communist liaison officers met twice today and Reds reported they made headway toward reopening truce talks.

They scheduled another session for 10 a. m. tomorrow (8 p.m. today E.S.T.).

The fact that another meeting was scheduled was interpreted as meaning the liaison officers failed to reach final agreement on resumption of negotiations which the Reds broke off Aug. 23.

Both United Nations command and Red sources announced the third session.

The report of progress came from Red sources at Panmunjom, Communist check point where liaison officers are holding their meetings.

Communist newsmen said the Red liaison staff reported the two teams agreed on most "technical arrangements" for a meeting of armistice negotiators near Panmunjom.

Unsettled

Liaison officers apparently still had to settle on a neutrality agreement for the Panmunjom site.

The Communists have insisted that the truce negotiators themselves should decide on the boundaries of the neutral area, and the conditions for jointly enforcing it.

The United Nations command takes the stand that liaison officers should draft the neutrality agreement and the truce envoys ratify it.

Communists want a large neutral zone reaching from the old site at Kaesong to Munsan, headquarters of the Allied truce team. The U.N. wants the zone to cover only the immediate area which lies between Kaesong and Munsan.

The two sessions of liaison officers today lasted three hours and 15 minutes. Meetings were held in a large tent erected by the Communists across the highway from four thatched roof houses that make up Panmunjom.

Same Atmosphere

The sessions apparently were held in much the same atmosphere of cordiality that marked yesterday's meeting.

In their meeting yesterday the liaison officers met in a Sachon River bridge about half a mile southeast of Panmunjom, pointing, taking notes, reading maps and apparently trying to agree exactly where to erect the conference tent.

The Peiping radio said they had selected the site. However, the U.N. command announced "its actual location on the ground has not been determined" although it will be in the Panmunjom area.

Allied tents and equipment were dumped near the bridge.

O'Neill Seeks Quick Ruling On Slot Law

COLUMBUS, Oct. 11—(AP)—Ohio's attorney general moved today to get a quick court decision on whether Ohio's new slot machine law is valid.

C. William O'Neill announced filing a motion in Champaign County common pleas court asking an injunction against enforcement of the law be dismissed.

The court recently granted the restraining order to Albert Dodson of Urbana, who operates the United Amusement Co. there. The injunction stops the Champaign County Sheriff, Urbana police, and the State Liquor Department from seizing slot machines.

The new law, which went into

High Priority Metal Stolen From Plant

500 To 600 Pounds Of Copper Alloy Taken From Factory

Between 500 and 600 pounds of high priority copper and brass alloy was stolen from the Power Manufacturing Co. of 329 West Center street some time last night.

The metal, in 27-pound castings known as "pigs" had a face value of about \$160, but if sold on the black market it would be worth at least \$480, police reported.

The metal was to have been used exclusively for vital war production, William Grover, company manager, said today. It was to have been used for making bushings for motors.

Entry to the building was gained by breaking a window on the west side of the building, unhooking the window and opening it. The pigs, weighing about 27 pounds each, were then thrown out the window into an alley and carried off.

Police say they are not sure how they were carried away, whether in a truck or car. There were no witnesses to the burglary.

The Power Manufacturing Co. is engaged exclusively in war work except for a few small repair and maintenance contracts in the city, Mr. Grover said. It manufactures principally parts for machines and motors.

The burglary was reported at 6:47 a. m. today. The burglary occurred some time after the plant closed at 5 p. m. yesterday, police said.

Reject Liquor Permit Bid

An application by Faye B. Howell of 1006 West Center street to have a liquor permit issued in her name transferred to Sue M. DeRose of 848 Kenton avenue, doing business as the Cozy Corner Cafe of the same address, has been turned down by the state department of liquor control.

The board said it had turned down the application because local police had objected to the transfer and because a man alleged to have Pennsylvania gambling connections was to have an interest in the cafe when the application said no outside interests were involved.

The department also said investigation had disclosed the premises, the Cozy Corner Cafe, were unsanitary and not equipped with toilet facilities. The city health department has told the department that the premises do not meet with lawful health requirements.

Mossedegh To Go Before U.N. Monday

UNITED NATIONS, N. Y., Oct. 11—(AP)—Iran's Premier Mohammed Mossedegh meets the U. N. Security Council and a U. S. television audience next Monday afternoon, but the ailing old man will make it brief.

The council will meet at Plushing Meadows to hear Iran contend its oil dispute with Britain is a domestic matter, and no business of the U. N. The meeting has been twice postponed.

Mossedegh plans to speak only for five or ten minutes to the council. Since his arrival by plane Monday, he has been in a hospital under treatment for extreme exhaustion.

This is the highest honor bestowed on a young farmer by the organization.

Taft Assured Of Backing For Election

Associates Report He's Choice For G.O.P. Nomination

WASHINGTON, Oct. 11—(AP)—Senator Taft of Ohio, who says he will seek the Republican presidential nomination only if he is convinced the party wants him, had the word of two close associates today that it does.

After receiving their report on a national survey, Taft said he will study the data and make a decision in "reasonable time," but not this week. Most politicians believe he will actively seek the nomination, which eluded him twice before.

Word that the senator is "the overwhelming and obvious choice" for the G.O.P. nomination next year was brought to Taft by David Ingalls and Ben Tate.

Both are strong Taft backers. Ingalls is the senator's cousin and a former assistant secretary of the Navy. Tate was treasurer of Taft's campaign for re-election to the Senate last fall.

Dirksen Pledges Support to Taft

COLUMBUS, Oct. 11—(AP)—Sen. Everett Dirksen (R-Ill.) last night said Sen. Robert A. Taft (R-Ohio) is a man who "has the courage to assert the issues, come what may."

Dirksen's endorsement—for the second consecutive night—of Taft as the Republican nominee for president in 1952 came at a \$50-a-plate Franklin County Republican rally dinner.

He said: "You have a great son of Ohio—Bob Taft, I'm for him."

Dirksen made a similar en-

Shooting of Sow Investigated

The Marion County sheriff's office is conducting an investigation into the malicious shooting of a 425-pound sow at the Donald Criswell farm west of Marion on Route 203.

The sow was shot and killed sometime Monday night, sheriff's deputies reported today. Another 125-pound sow is reported missing from the farm.

The sow, caring for a 10-pig litter of 10-day-old pigs, was shot with a rifle.

Deputies said no arrests had been made but several leads were being investigated.

120 Arrested For Thefts Of Govt. Property

WASHINGTON, Oct. 11—(AP)—The FBI today disclosed it has been making wholesale arrests throughout the country in connection with thefts of government property, largely from military installations.

FBI Director J. Edgar Hoover said in a statement that 30 persons were taken into custody during the last 24 hours in New Jersey, California, Ohio, Massachusetts, New York and Washington, D. C.

These arrests, he said, make a total of 120 persons picked up during the past two months and charged with stealing government property totaling \$1,000,000.

The articles ranged from raw crude rubber and pure silver to combat boots and blankets, guns, building materials and critical aircraft radio equipment.

The announcement disclosed that those arrested include longtime government civil service, supervisory employees, military personnel, civilian and military police and private citizens.

Run Shuttle Service In East Korea

U. S. Tactic Speeds 1,000 Into Action In 6 Hr. Operation

U. S. 8TH ARMY HEADQUARTERS, KOREA, Oct. 11—(AP)—American tanks knifed up valleys on each side of Heartbreak Ridge in eastern Korea today in a running battle with Red artillery and mortars.

Behind the fire of tanks blasting from both sides, the U. S. 23rd Infantry regiment again stormed the northernmost peak of Heartbreak Ridge. Entrenched Reds stopped the Americans in their tracks.

Other U. S. Second Division infantrymen overran Chinese troops and captured a dominating peak on nearby Kim Il Sung ridge.

United Nations troops also seized two other peaks in mountainous East Korea.

East of Heartbreak Ridge a full battalion of the U. S. First Marine Division was flown to the front in the biggest helicopter airlift in history. Nearly 1,000 leathernecks landed almost within sight of Red positions without incident.

In the hottest sector of the western front, the U. S. First Cavalry Division renewed its attack northwest of Yonchon after mopping up Chinese stragglers in hills captured yesterday.

Red China's Peiping radio said Chinese troops inflicted 13,366 casualties on U.N. forces last week. It asserted nearly 9,841 Allies were killed, captured or wounded in their autumn offensive in the west during the week.

Figures Not Released

Allied losses for the period have not been announced officially. Red propaganda broadcasts normally are highly exaggerated.

The cavalrymen were continuing their offensive Thursday about 25 miles northeast of Panmunjom, where the Reds and Allies talked of reopening truce talks. Liaison officers met for the second time Thursday in Panmunjom trying to arrange for the first armistice session since Aug. 22. They scheduled another liaison meeting for Friday morning.

Thursday's tank strikes up Mundung and Satae valleys carried the task forces as much as 28 miles north of the 38th Parallel.

The two tank columns halted opposite the northern peak of Heartbreak ridge.

Then the Sherman tanks in both valleys opened up simultaneously with their 76 mm guns on the entrenched Reds. They blanketed the Communist bunkers with concentrated fire for ten minutes.

The 23rd Infantry Regiment attacked behind this barrage. It advanced 40 yards. Then the Reds let loose an intense mortar and hand grenade barrage. It stopped the Americans where they were.

Stopped Again

French troops joined them in renewed assaults on this last peak of the ridge still in Red hands. Several times the Allies again were reported stopped in their tracks by intense Communist shelling.

The French captured one Chinese—the first Chinaman found on the Ridge. North Koreans have been defending it a month. Chinese have been moving in to replace or reinforce battered Koreans through much of the mountainous eastern front.

After blasting Red bunkers on Heartbreak, the 72nd tank battalion rumbled on up Mundung Valley through a rain of Red artillery and mortar fire. Some units of the battalion penetrated to five miles north of Mundung.

Others probed up a gorge to the west of the valley, shelling Red positions in the ridges and cutting down Chinese troops as they attempted to move.

It was the second consecutive day a powerful U.N. tank-led task force had shoved far up the Mundung valley, west of Heartbreak. The second task force in Satae Valley drove up east of Heartbreak Ridge for the ninth consecutive day.

Both tank columns returned to their own lines at sundown.

The 38th Regiment of the Second Division stormed through weakening Chinese resistance on Kim Il Sung Ridge. It seized the

Both Are Deadly

Two Diseases Threaten Elm Trees in Marion

Two deadly tree diseases are spreading into this area and it could happen that every elm tree in Marion would be infected in two or three years.

The diseases are the Dutch elm disease and elm phloem necrosis.

The diseases have wiped out elm trees in other Ohio cities and could well destroy the stately trees here in several years, Arthur Smith, county agricultural agent, reports.

Dutch elm disease was brought into this country from Europe in imported elm logs. It has been known in the United States since 1930. This disease is caused by a fungus which is commonly spread through the breeding and feeding habits of an elm bark beetle. Spread of Dutch elm disease has been rapid in recent years.

Here Since 1882

Elm phloem necrosis has been reported in the United States since 1882. The disease is caused by a virus and is spread by a leafhopper. It has not spread as

rapidly as the other elm killer. Only two defenses are known against the diseases.

The first is to cut down and burn all affected elm trees immediately, as soon as they contract the disease.

The second is to attempt to control the beetles on undiseased trees through the use of insecticides.

Neither of the methods of control has proved entirely successful, agricultural agents report.

The first known case of the diseases was reported in Marion on Aug. 2, 1948. Since that time other trees have been affected, but no systematic records of the extent of the diseases have been kept, Mr. Smith said.

Cody Hartman of 306 Belmont street, a tree surgeon, estimates that one percent of the elm trees in Marion are diseased.

Mr. Hartman says Marionites should stand together in the fight to save some of the finest shade trees in the city.

City Will Help

Mayor Harold F. Robinson said he has had a number of reports of dead and dying elms. He said the city will remove trees next to the curbs of city streets.

"We will also cooperate with anyone who wants to try to remove any dead trees from their property," Mayor Robinson said.

The diseases were first reported in the Ohio River valley and have spread until they now cover the entire northeastern United States. Columbus, Dayton, Marietta, and Cincinnati have been particularly hard hit, Mr. Smith said.

Neither of the two diseases can be positively identified by their exterior symptoms, since the wilting and dead limbs may be caused by other non-epidemic diseases, mechanical injuries, or some types of unfavorable growing conditions. The only positive method of identifying the disease is to cut a sample and send it to the Agricultural Experiment Station at Wooster for analysis, Mr. Smith reported.

Both diseases should be suspected whenever the elm foliage suddenly wilts and the dry dead leaves adhere to the branches, or when the leaves on an entire branch suddenly turn yellow and fall prematurely.

If your favorite shade tree begins to show unhealthy symptoms, contact the extension office, Mr. Smith advises.

Improvement Since August

THE United States and its allies in Korea will bend an attentive ear to anything the spokesmen for North Korea and the Chinese government at Peking want to say. But they do not expect to hear anything.

The same skepticism prevails in the United States and, presumably, in all other members of the United Nations. If the spokesmen for the Communist forces in Korea expect to get attention through a renewal of cease-fire negotiations, they will need to say something sensational without any delay and back it up with action.

There will be no lull in the fighting while they stall through another mumbo-jumbo of dialectics. There will be no false hopes raised in the United States, with the effect of slowing down the rate of mobilization. Congress will not be tempted this time to chase a will-o-the-wisp.

The net improvement in the Korean war situation since last August is the certainty of the non-Communist world that the Communist world can be trusted in cease-fire negotiations no further than the thickness of the "iron curtain" at its thinnest point.

Why the Handcuffs?

WHEN Congress made up its collective mind about price control last summer, it handcuffed the Office of Price Stabilization. It was afraid the eager-beaver stabilizers of that executive agency might try to cover themselves and the Truman Administration with glory by swinging too freely on producers.

To be blunt, Congress wanted to make sure the American Socialists who are itching to dictate economic policy would not have a chance to squeeze business to death between artificially low price ceilings and artificially high wage floors.

That was why the so-called Capehart amendment was added to the price control bill. It provided that the Office of Price Stabilization had to take into account cost increases between the start of the Korean war and last July 26. If wages and raw materials had risen in cost—and they had—then OPS could not set a price ceiling without taking them into account.

The Truman Administration bitterly resented this curb. The Senate now has modified it, not because the curb itself is unjust but only because price control is a red-hot political issue and it is good politics to seem to be in favor of loosening the handcuffs on price stabilizers as their failures begin to earn them the sympathy of a public which wants to believe prices can be fixed by executive edict.

Symbols of Continuity

THE grand tour of Canada and the side trip to the United States planned by Princess Elizabeth and her husband will keep the royal couple in the news for the next month.

For most of us in America, it will be a course in appreciation of royalty, as represented by the young woman destined to become queen of England and the young man who would be her consort. They are symbols of the continuity which is the English throne's firmest foundation. Their children will be doing the tasks which are theirs today and which have been performed faithfully in years past by a long succession of kings and queens. It is possible that England again might have a bad king or queen, as it had them in old times. But there would be no delay in getting rid of the unsatisfactory monarch. Despotism is now the prerogative of politicians not monarchs.

Government is today what it always has been—a precarious means of balancing the good and bad in the human race. There is no fool-proof formula, with due respect to those who once thought the world had to be converted to democracy and those who now think it must be conquered for minority dictatorship. But some things are tried and true. Nothing is handier when things are unsettled than a personable and sensible member of the royal family with a strong sense of noblesse oblige.

Share and Share Alike

THE 88 county auditors of Ohio, being realistic in their approach to public finances, will be inclined to believe in tax equalization if and when they see it. The notice they have received from the Ohio Board of Tax Appeals that property valuations will be made uniform throughout the state next year is interesting, if true.

The Tax Appeals Board will be ready with a yardstick fashioned out of data on property sales values sometime during 1952. With this yardstick, auditors theoretically will be able to raise and lower tax valuations until all are uniform throughout Ohio. Thereafter, it will be share and share alike for all counties in the distribution of funds based on tax statistics.

That will be a happy day in Ohio—a day worth waiting for. It will be followed in due course by the day on which the 48 states will abolish inequities in the distribution of public monies—and that will be a day even more worthy waiting for, if anyone can wait that long.

Truman and The Editors

By David Lawrence

President Turns Deaf Ear To Advice on News

WASHINGTON

MAYBE the left hand doesn't know what the right hand is doing in the Truman Administration but the suggestion just made by Secretary of Commerce Sawyer that the publishers of America and the government might get together to deal constructively with the problem of information and censorship comes about three months late.

What Mr. Sawyer doesn't know evidently is that a representative committee of newspaper editors was summoned on July 10 last and shown a draft of the proposed executive order. They were told it was going to be submitted to the National Security Council within two days. The newspaper editors now reveal that their suggestions in the main were spurned. Here is the record of what happened as set forth in a letter just written to the American Society of Newspaper Editors by a committee composed of Alexander F. Jones, president, who is editor of the Syracuse Herald-Journal and formerly managing editor of the Washington Post; B. M. McKelway, editor of the Washington Star and a past president of the American Society of Newspaper Editors; James S. Pope, editor of the Louisville Courier-Journal and chairman of the society's committee on freedom of information; Walker H. Stone, editor of the Scripps-Howard Newspaper Alliance; and Jack H. Lockhart, now assistant general editorial manager of the Scripps-Howard Newspapers but associated with the Office of Censorship in World War II.

THE COMMITTEE'S letter reviews the efforts it made to get the executive order modified and says with reference to a White House meeting on July 10: "For three hours, and paragraph by paragraph, we discussed with Joseph Short (the President's press secretary) and his assistants a rather lengthy and complicated document which was called the tentative draft of the proposed executive order. "We offered a number of objections and suggestions. We were not persuaded that it was either necessary or desirable for the President to issue a blanket order delegating to the heads of

all governmental agencies the authority to classify information as 'top secret,' 'secret,' 'confidential' or 'restricted.' We agreed that it was proper for the Department of Defense to withhold military secrets, in instances where disclosure would adversely affect national security. But we suggested that it was an entirely different matter to give to the top officials of all governmental agencies the discretion to determine how much and what of the public's business should be disclosed to the public. We contended that this would lead, too often, to the withholding of information which had no bearing on national security.

"WE SUGGESTED that if the government was going ahead with the project, the executive order at least should define 'security information,' and should set up a central appeal board to pass upon the rulings of various government officials."

When the meeting was over, the committee was told that it could submit further recommendations but that action was going to be taken anyhow in two days, so the committee wrote a letter reiterating its objections and adding a declaration of opposition to the order on the ground that each head of a government agency should not be given authority to classify information "without definition of what breaches national security and without appeal or review."

On July 27 the White House notified the editors that the National Security Council had approved the order, and on Sept. 25 it was issued. The committee, in its report to the American Society of Newspaper Editors, now says:

"The executive order which the President issued Sept. 25 does not differ in any important essentials from the tentative draft we saw on July 10."

SO SECRETARY Sawyer's idea that the editors and publishers could be helpful on this delicate problem is meritorious to the extent that the editors tried only his suggestion last July only to find that a presumably omniscient President firmly rejected the advice of those with experience and proceeded in a press conference instead to accuse them of a lack of patriotism. That's hardly the way to solve problems in a country which boasts of its guarantees of freedom of information. (Reproduction Rights Reserved)

Outbuildings

By TRUMAN TWILL

IT WAS one of those country places which had been shackled off on a city dreamer by some discouraged farmer who couldn't see his way through the clutter any more. There was an acre of it—clutter, that is—surrounded by the relatively uncluttered area which was the rest of the farm. In every direction and around every corner there was a building, and in between the buildings as if it had spilled out was a mat of discarded shapes in wood and metal representing everything man's ingenuity had spawned in the 20th century.

Besides the main barn, which itself had been cut up into a maze of compartments, there were enough buildings to start a village. The wagon shed was jam-packed with so much junk there was no room in it for the only wagon in sight, which was parked under an apple tree. There were a tool shed with a big pen in the annex; a pig pen with a corn crib on one side; a coal shed; a wash house; a milk house; a building for storing kerosene and oil; a smoke house; three buildings for unknown uses but now full of junk; a separate corn crib; the ruins of a spring house; and the inevitable little building at the end of the arbor. And on the main house a lean-to was struggling to detach itself, besides a wing which obviously had been put on after the original structure was built.

Since the city dreamer who had bought the place was in a mood to tear down everything and start from scratch, there was a discussion of the probable cause of the numerous outbuildings which cluttered up so many rural premises, also of the probable explanation of the junk which surrounded them.

The cause was the cheapness of building material when the first farm structures were put up. The land was being cleared of timber. Nearly every male person could do rough carpentering, and the handy ones could do inside carpentering. Between his own skill and the dirt-cheap skill of his neighbors, a man could put up a wagon shed, for example, for practically nothing. Even barns and houses were easy.

The effect of this free-and-easy era of constructions was such a huge increase in convenience that the idea of numerous buildings still continues to attract most farmers, though the high cost of building material and the decline of carpentering skill among coun-

trymen now hold down the impulse to have a new building every few years.

Actually, it must be not so much impulse as pressure. As old buildings fill up with clutter which cannot be thrown away because it might prove useful some day, new buildings become a matter of necessity. Otherwise, the junk no longer can be sorted out in compartments. It begins to pile up outside. That was what had happened on the premises bought by this particular dreamer. He could visualize what a tired old farmer no longer could visualize—the whole place painted up bright and pretty, with not a speck of clutter in sight.

The old tenant merely had been over-cautious about never getting rid of anything he might need sometime. He even had kept the ancient wrought-iron arms on which to hang kettles in the open fireplace once used for cooking, because they might be needed some day. It was as if everything which had been used on the place for the last 125 years had been stowed away if there was room for it, or parked under a tree if there wasn't.

Since my friend had said he welcomed suggestions, I made one—that he should think twice before tearing down anything which could be restored, on the sound premise that he, himself, would find a use for outbuildings once he took up residence. Otherwise, he would come to the realization that what he really needed was a barn an acre square, or big enough to hold everything he, himself, would be wanting to save, just in case he might need it sometime.

Marion County History Brevities
By EDNA S. DUTTON

The Columbus, Delaware, Marion and Upper Sandusky Railroad Company was incorporated Feb. 26, 1836. Local commissioners of the company were Sanford S. Bennett, Elisha Hardy, Cory A. Darlington, Eber Baker, George H. Busby and Nathan Peters. The company's capital was \$500,000. The road was to be constructed from Columbus to Upper Sandusky, there to intersect the Mad River and Erie Railroad and to pass through Delaware and Marion and as near Little Sandusky as might be advantageous.

Heartbreak Hill

Rumblings on a Filibuster

By James Marlow

WASHINGTON

THE DEMOCRATS and Republicans, sensitive to the size of the Negro vote in northern cities, made promises about putting through civil rights legislation if they won the 1948 election.

But the whole subject of civil rights in Congress, where the Democrats won and have held a majority since 1949, has been pretty dead except for a brief but unsuccessful flurry by the Trumanites in 1949.

When that attempt was made two years ago the southern Democrats, as they had in the past and will do it again, broke away from their northern Democratic brothers and filibustered the move to death.

There were at the time some critics who felt the Trumanites' attempt was feeble to begin with and that they could have smashed the filibuster if they had tried hard enough.

At any rate nothing much has been said about civil rights since that time. But now some talk, but only talk so far, about civil rights is beginning again. It can be expected to pick up.

This is not unusual. We are moving into another election year when both parties once again will hold pre-election conventions and once again undoubtedly make promises about civil rights if they're elected.

It will be indeed unusual if they make good on the promises. It has been this way for years. And there's no reason to believe it won't continue like that.

MEANWHILE it has been the Supreme Court, not congress, which has actually been doing something about civil rights. It has been widening them by court decisions. The court can't legislate but its decisions have the effect of legislation.

But to understand what's cooking now, and eventually may be the cause of a lot of dispute in Congress, here is a little background.

A filibuster simply means talk without limit. A filibuster is an attempt by a member of Congress, or a group of members, to talk so long against some measure that the others will give up trying to pass it. In short, a filibuster is an effort to block legislation by talking it to death. It takes the votes of 64 senators—two-thirds of the Senate—to stop a filibuster.

There can be no filibuster in the House of Representatives. There is a time limit on how much any member can say. So time after time civil rights measures have been approved in the House but died in the Senate.

A filibuster can occur only in the Senate. There a senator, or group of senators, can talk without limit unless a prescribed number of senators get together and vote for cloture. Which means: vote to limit the debate.

Since 1917 there have been many filibusters in the Senate. Twenty-one times some senators sought to invoke cloture by enlisting the necessary number of senators who'd agree to shut off the debate.

Cloture was obtained only four times out of the 21 attempts and never against a filibuster on civil rights. There has been no cloture at all on any filibuster since 1927.

When they won with their filibuster in 1949 the southern members of the Senate to change the rule on cloture, making it even tougher to invoke cloture than it had been before.

Since 1917 there have been many filibusters in the Senate. Twenty-one times some senators sought to invoke cloture by enlisting the necessary number of senators who'd agree to shut off the debate.

Cloture was obtained only four times out of the 21 attempts and never against a filibuster on civil rights. There has been no cloture at all on any filibuster since 1927.

When they won with their filibuster in 1949 the southern members of the Senate to change the rule on cloture, making it even tougher to invoke cloture than it had been before.

Supreme Court, not congress, which has actually been doing something about civil rights. It has been widening them by court decisions. The court can't legislate but its decisions have the effect of legislation.

But to understand what's cooking now, and eventually may be the cause of a lot of dispute in Congress, here is a little background.

A filibuster simply means talk without limit. A filibuster is an attempt by a member of Congress, or a group of members, to talk so long against some measure that the others will give up trying to pass it. In short, a filibuster is an effort to block legislation by talking it to death. It takes the votes of 64 senators—two-thirds of the Senate—to stop a filibuster.

There can be no filibuster in the House of Representatives. There is a time limit on how much any member can say. So time after time civil rights measures have been approved in the House but died in the Senate.

A filibuster can occur only in the Senate. There a senator, or group of senators, can talk without limit unless a prescribed number of senators get together and vote for cloture. Which means: vote to limit the debate.

The Once Over

By H. I. Phillips

Alma Rye and Bourbon

A BIG distilling corporation is conducting a college to condition personnel for greater responsibilities, and held exercises the other day, graduating a large class. We attended the exercises. Very impressive, too. Got a big kick out of it. The students looked a little strange, due to gowns which seemed too short. It was explained that they were not full gowns, but "fifths." The sheepskins were ten years old and of the finest quality. A feature of the exercises was the planting of the class rye. All the grads were graduated "Corn" laude.

The baccalaureate was strong and it was obvious that the graduates got a kick of staggering proportions out of it:

"Gentlemen of the Graduating Class of 1951: I am proud to officiate here this morning. My pride is uncut and 100 percent. You came here young and green. Here we have developed, seasoned and matured you. Our aim has been to funnel you into the stream of business life, making certain to age you with the proper ingredients essential to success.

"There are many kinds of success, gentlemen of 1951. There is a type of success which is a blend. There is the success which can be taken, so to speak, straight. It is a matter of taste. This school has been a rectifier of human qualities and talents. As I look into your eyes today I am proud of the product. You well deserve these snakeskins—beg pardon—I should say sheepskins!

"The world is calling to you. It needs strong men, not too raw, but rather smooth and melowed. You have applied yourselves well to the tasks entitling you to these diplomas, which I wish to emphasize require in every student these qualities:

- 60 percent straight wisdom.
- 15 percent neutral spirits.
- 10 percent mental alertness.

"This leaves the usual 15 percent needed in any college for luck, the right contacts and the usual, cribbing. Your Alma Mater sends you forth seasoned and tested. You have been here four years. Thus you go forth as a bonded product.

"Gentlemen, so conduct yourselves through life that you will be a credit to every department of this college, from bottling plant to company commercial. Remember that even in time of adversity, when your head aches, your mouth is dry, all life seems a hangover and the setup looks wrong and every man seems against you, you can always make a case for yourself. What does the world look for in the college graduate? It looks for the right stamp . . . for the stamp that indicates quality, strength and reliability. If this institution isn't well fixed in the matter of stamps, who is? It gives me pleasure to place upon each and every one of you the necessary stamps under the Provisions of Section 2993-B, Inclusive, of the Internal Revenue Code.

"And so, farewell and good luck in the full quart size. In the words which hang in Latin over the portals of our great institution of learning, 'Bottoms Up!'

Spur House To Action on Two Major Issues

Seek Passage Of Foreign Aid, Military Construction Bills

WASHINGTON, Oct. 11—(AP)—Administration leaders driving for congressional adjournment sought House approval today for an \$8,299,235,096 foreign-aid money bill and a \$4,440,559,420 military construction measure.

But a big obstacle to quick action loomed in the form of a Republican demand that the foreign-aid funds be cut to around \$7,000,000,000.

With the Senate appropriations committee operating in high gear to get both bills through that branch, House leaders were determined to drive the two measures through the House at today's session if it takes all night. They called the House into session at 10 a. m. (E.S.T.), two hours earlier than usual.

Seek To Adjourn

They are aiming at final adjournment of Congress by the end of next week. The two big money measures and a tax increase bill are the major unfinished business of both branches.

Debate on the military construction measure was completed yesterday, leaving a formal vote today to send the measure to the Senate. Debate centered over funds for a military airport at Grandview, Mo., President Truman's home town. The \$12,921,000 for the airport remained in the bill as it neared passage.

Of the \$8,299,235,096 carried in the foreign aid bill, \$7,422,527,790 represents new cash. The remaining \$816,727,306 is a reappropriation of funds previously voted for the aid program but not yet spent. Without action by Congress, they would have reverted to the treasury.

Scales Down Request

President Truman wanted the carryover reappropriated and originally had asked Congress to provide another \$8,500,000,000. However, he scaled down his new money request to conform to the reduced amount authorized by Congress in a separate bill.

The House appropriations committee approved the bill shortly after the President late yesterday signed legislation authorizing continuance of the economic and aid program until June 30, 1954.

In his message of approval Mr. Truman noted that the amount of money recommended was less than he had requested, but was a "very substantial" contribution in the campaign of freedom to build up themselves militarily and economically to curb communism.

The population of Portugal is about 7,500,000.

Hit Ruling On Speakers At Ohio State

COLUMBUS, Oct. 11—(AP)—A campus religious group, a Roman Catholic bishop, and the Ohio C.I.O. executive council yesterday criticized an Ohio State University ruling that invitations to prospective guest speakers on campus must be screened by the president's office.

The rule was passed by the university board of trustees at their last meeting.

Earlier yesterday, the faculty council—an organization of professors at Ohio State—approved two resolutions asking reconsideration of the rule by the trustees. University President Howard L. Bevis presided over the meeting but did not vote.

The trustees adopted the speakers' clearance rule following a controversy over the appearance of Dr. Harold Fugge, professor emeritus of Teachers College, Columbia University.

The C.I.O. resolution was adopted at a meeting yesterday. Bishop Michael J. Ready of the Columbus diocese of the Roman Catholic Church said at the closing session of a Catholic conference on industrial problems:

"The whole question of the screening operation is creating an immoral atmosphere at Ohio State."

"We live as children of God, and in His sight there can be no injustice to someone who doesn't look, think, or believe as we do."

Marion Men Pass Exams In Engineering

One Receives Highest Score In Surveying Test

Five Marion men and seven others from this area have successfully passed the July examination of the state board of registration for professional engineers. The Associated Press said today. The examinations were given in 12 major branches of engineering and surveying.

James D. Walker Jr., of Marion received the highest grade for complete registration as a professional surveyor, with 87.7 percent. His home is at 149 Sharpless court and he is employed with the Sinclair Refining Co. with offices on North State street.

Successful applicants from Marion in the in training examination by branches included Omar N. Cochran of 339 1/2 Windsor street, civil engineering, employed with Floyd G. Browne and Associates, Robert E. Drake, son of Mr. and Mrs. Harry Drake of 431 Ballew avenue, electrical engineering, employed with Jack and Heinz Airplane Corp., in Cleveland; Donald J. Gillen of 453 Cherry street, electrical engineering, employed with the Ohio Edison Co.; and Frederick W. Cathers, son of Mr. and Mrs. Tom S. Cathers of 819 South Prospect street, surveyor in training, employed with the Havens and Emerson Consulting Engineering Co. of Cleveland.

A former Marion man, Vernon Patrick, now residing in Delaware and employed with the State Highway Garage there, was a successful applicant in the in training exam for civil engineering.

A Delaware man, Thomas V.

James, was successful in the complete exam for surveyor. Others from this area passing the in training exam were George C. Bach Jr., of Delaware, John W. Judge of Delaware, Robert W. Mathys of Delaware, and Robert V. Apel of Delaware, all in civil engineering, and Dwight E. Linn of Bucyrus, industrial engineering.

Is Renegade Still Alive in Russia?

Ghost of Bose Haunts Life of People in India

By HAROLD K. MILKS
Associated Press Writer

NEW DELHI—One of India's most popular figures today is a man supposedly dead for more than six years.

He is Subhash Chandra Bose, the revolutionary who fought British rule of India for many years and then led a Japanese sponsored Indian National Army against this country during World War II.

Bose reportedly died Aug. 16, 1945—one day after Japan's surrender—in the crash of a Japanese plane against the Taihoku Hills of Formosa.

Yet to millions of Indians he is as much alive today as is Prime Minister Pandit Nehru and President Rajendra Prasad.

This is especially true in the villages of Bengal where Subhash Chandra Bose was revered almost as a saint. There mention of his name brings cries of "Netaji"—Our Leader.

"There is no doubt," said one prominent Indian leader, "that if Bose should reappear today he would challenge Pandit Nehru as a national leader."

Traitor to the Allies
To a foreigner the popularity of the supposedly dead Bose is hard to understand. He led the only army to invade India in modern times, built by the Japanese from British Indian forces captured in the fall of Singapore and elsewhere in East Asia.

He quarreled violently with Mahatma Gandhi—over the question of non-violence. Bose urged direct and bloody action to throw out British rule, called Gandhi's approach "his appeasement with the evil."

Yet millions of Indians continue to regard him as their saint and leader. His picture is on the wall of thousands of homes, and his name is still repeated with a tone usually reserved only for that of Gandhi.

Wearers of the "INA" shoulder patch—identification of those who served Bose in the Indian National Army—share in the reverence for their apparently dead leader.

They Get Free Rides
Conductors on trains, trams, or buses, pass them by when collecting tickets. Many restaurants and hotels offer them free meals and lodging. Those who served "Netaji" have been refused posts in India's Regular Army but the people give them ready help.

Supporters of the Indian renegade who turned to Japan for help in his fight to oust British rulers from India by force describe him as "a saint who strayed into politics."

Bose was born in Cuttack, capital of Orissa state, on Jan. 23, 1897. He studied and took his degree from Cambridge University then returned almost immediately to India to jump into the freedom struggle under Gandhi's leadership.

Many times in the 20-year period before World War II he was jailed or exiled. Each time he managed to win freedom.

He Got Nazi Aid
His last imprisonment was in 1940. But Bose escaped, made his way to the Afghan capital dressed as a wandering Pathan, then reached Berlin in May, 1941, under the Italian name of Signor Orlando Mazzotta.

In Berlin he renewed an earlier Swiss association with an Austrian woman, Emile Sheinkle. They were married in 1942, just before Bose made his dramatic trip by German submarine via the Cape of Good Hope to Japan to organize the "Azard Hind Fauz"—the 50,000-man Indian National Army.

Royal Couple Enjoy Second Day in Canada

OTTAWA, Oct. 11—(AP)—Princess Elizabeth and her husband had a half-holiday today from the strenuous round of their North American royal tour.

Spending their second day in Canada's capital, the royal couple had the morning to themselves. Their first public appearance of the day was a civic luncheon for 200 at a downtown Ottawa hotel, at which two children of leading citizens were to present them with a windbreaker for their son, Prince Charles, and a pair of blankets for their little daughter, Princess Anne.

Next was a boat trip on the rivers about the city, followed by a reception given by the Canadian government.

Before boarding their special train to resume their journey after midnight, the royal couple will be guests of the governor general, Viscount Alexander, at a buffet supper at his home, with square dancing to follow.

The Canadians hoped the royal guests, both good dancers, would join in.

Tomorrow Elizabeth and Philip go to eastern Ontario and Toronto. The young couple's first day in the dominion capital was a long and fatiguing one during which they covered much ground. It was climaxed by a brilliant state dinner at government house with the governor general as host to ranking government officials.

Anti-British Outburst Continuing in Cairo

CAIRO, EGYPT, Oct. 11—(AP)—Shouting Egyptians, demanding the ouster of British troops from Egypt, demonstrated against Britain today for the second successive day but this time there was no violence.

Heavy police escorts kept order as a crowd of thousands paraded through Mustafa Kamel Square, then moved on to the larger Ibrahim Pasha Square to hear speakers shout:

"Down with Britain. We want the British to get out."

3 Young Drivers Arrested by Police

Three teen-age drivers were arrested by police yesterday on charges of speeding and reckless driving.

Two of them, both 18 years old, were fined \$15 and costs when they pleaded guilty in Municipal Court today. The third boy, 17 years old, will be cited to appear in Juvenile Court later this week.

Two of the boys were arrested at Edison Junior High School at 1 p. m. yesterday after they had driven their cars around the school at a high rate of speed and in a reckless manner. Police report they have received many complaints of reckless driving by youths and they plan prompt action.

The third boy was arrested on Silver street at 8:45 p. m. yesterday.

TIERNEY IN A "STRAIT JACKET." Hollywood "bad boy" Lawrence Tierney, barefooted and confined in a makeshift strait-jacket, is led from police station in Santa Monica, Cal., to be taken in an ambulance to neurological ward of a hospital. Tierney's 12th jail visit in seven years involves a charge of disturbing the peace. His brother Edward, to whom he was released, tried to quiet him and got a poke in the nose for his efforts. Trouble started when Tierney was reported loitering in front of a Catholic church. When police arrived he took refuge in the church, told them a wild tale of fear of being "murdered like Robert Walker was." Arresting officers said Tierney, who once played John Dillinger in a film appeared "mentally unbalanced."

GOT CHEATED. Frightened Richard Henne 8, is shown during a Miserable 45 minutes of entrapment by an ice cream vending machine in a Milwaukee, Wis., theater lobby. He told police and firemen who got him free that he put his money in machine and when nothing happened he reached in and "Something grabbed my hand."

crest of one of Kim's many peaks.

The beaten Chinese left behind much equipment and the bodies of 50 comrades.

South Koreans stormed and captured another hill. The location was not reported.

Eighth Army officers said repeated tank-led sorties up the valleys and gorges appeared to have broken the back of stubborn Red resistance on some of their hill positions.

However, a general headquarters communique said Reds swarmed off one of their ridges in the early morning darkness to hurl a counterattack at an Allied battalion.

In Last Stages
There was a rising feeling at Eighth Army headquarters that the 30-day battle for Heartbreak had gone into its last stages. A series of tank raids reached its height in a day-long attack Wednesday by 50 tanks and thousands of supporting infantrymen.

Briefing officers said those raids opened the way to breaking the Red hold on two key positions, cracked the Communist iron defense line and diluted their concentrations of artillery and mortar fire which has been raking American positions.

The Navy announced planes from four American and British Commonwealth carriers inflicted heavy damage and casualties on the Reds Wednesday. The carrier planes flew under a low ceiling to bomb and rocket Communist positions on both coasts.

REALLY ON A SPOT
WITH U. S. SEVENTH INFANTRY DIVISION, KOREA, Oct. 11—(AP)—Sgt. Howie Smyth was really on a spot.

Smyth, of Ozone Park, N. Y., led his men back from a patrol and looked for a place to rest. He kicked a box into position to make a backrest and stretched out. "Get us easy, Sarge," one of his men called. "You're sitting on a landmine!" Smyth did. He's scheduled for rotation home soon.

THREATENS WALKOUT
WASHINGTON, Oct. 11—The Wage Stabilization Board has turned down two motions to let 1,350 ship radio operators have a pay raise of \$39 to \$50 monthly but says the action is not final.

Angered, the radio operators members of the C.I.O. American Radio Association, have threatened a walkout on all coasts and tie up 70 percent of U. S. merchant shipping, except for critical military and defense cargoes.

Still Bickering Over Jessup

WASHINGTON, Oct. 11—(AP)—Bickering between Harold E. Stassen and the State Department over the past policies of Ambassador Philip C. Jessup continued yesterday while a Senate group weighing Jessup's nomination to be a delegate to the U.N. marked time.

President Truman has named Jessup, a top aide to Secretary of State Acheson, to be a U. S. delegate to the United Nations General Assembly which meets in Paris next month.

A five-man Senate foreign relations subcommittee studying the nomination has ended its scheduled hearings and set no time for a vote on the nomination, opposed by Senator McCarthy (R-Wis.).

Stassen, Republican former governor of Minnesota and now president of the University of Pennsylvania, also testified. He was critical of Jessup but did not directly come out against confirmation.

Stassen said last night that "Secretary Acheson, after first denying all that I testified to xxx, now has admitted almost everything that I testified from my recollection of what Senator Vandenberg told me."

Stassen had said the late Senator Arthur H. Vandenberg, Michigan Republican, told him that at a White House meeting on Feb. 5, 1949, Acheson and Jessup advocated cutting off military aid to the Chinese Nationalists.

effect recently, for the first time makes it a felony to possess slot machines. Dodson told the court he owns \$10,000 worth of slots.

Henry Houston, special counsel to the attorney general, late yesterday filed a motion to dissolve the injunction. But O'Neill's office said he will appear personally in court to argue for the law.

O'Neill today is in Washington before the federal power commission.

O'Neill's office said there will be a hearing at 10 a. m. next Tuesday in Urbana on the motion. Chief Justice Carl V. Weygant of the Ohio Supreme Court assigned Judge Arthur Tudor of Hardin County Common Pleas Court to hear the motion.

Champaign County Common Pleas Judge Marion B. Owen now is sitting on assignment in Cleveland.

O'Neill's office said Champaign County prosecutor Richard Paulkner and Urbana city solicitor Clifford Wagner joined O'Neill in his motion.

LITTLE ISSUE, BIG STRIKE
ST. LOUIS, Oct. 11—(AP)—A dispute over what both company and labor officials term a trivial matter has paralyzed one of the world's largest breweries.

Approximately 2,300 employees of the Anheuser-Busch, Inc., plant are out of work today while 3,700 more face a possible lay-off all because of a dispute over whether a handful of men should work in the basement or on the fourth floor.

N. Y. Cops Bust Up \$20,000 Crap Game, Pinch 73 Players

NEW YORK, Oct. 11—(AP)—Four police patrol wagons reached something of a new high in arrests last night.

Acting on a tip, squads of police raided a midtown Manhattan parking garage. On the third floor, they surrounded 73 men accused of taking part in a \$20,000 floating dice game. Police said the men were huddled around a green carpeted square.

Police made it easy for the 73 to get to the station house. The four patrol wagons were taken up to the third floor in an automobile elevator, the players loaded aboard, and off they went.

Early today, 69 were booked on charges of disorderly conduct. Gambling charges will be lodged against four others accused of running the game.

ITALY GETS LOAN

WASHINGTON, Oct. 11—(AP)—The World Bank granted a \$10,000,000 loan today for aid in development of southern Italy. It was the first loan the bank had made to Italy. The bank's announcement said the money will be used in a ten-year plan to develop land, to employ unused manpower and to create a basis for industrialization.

MEETING PEOPLE AND

DEVELOPING PERSONALITY

How many persons do you suppose the average individual meets in a lifetime?

Whatever this number is, one thing seems certain: Success in any field depends to a large extent on a person's ability to meet and get along with others.

Because this can only be accomplished through actual practice, a Marion Star route offers carrier salesmen the chance to learn while young, how to get along with people through actually meeting them.

Iran Oil Crisis Shows Lack of Understanding

By SAM DAWSON
NEW YORK, Oct. 10—(AP)—Iran Premier Mossadegh's arrival here to fight Britain in the United Nations Council dramatizes today.

1. The hostility which his and many other have-not nations harbor against the foreign companies—American as well as British—that operate in their midst.

2. The suspicion which many American businessmen and investors feel toward the drive to get private American dollars flowing into foreign lands as investments—part of the President's Point Four program.

This wariness by Americans with money to invest goes back beyond the Iran oil crisis. They recall the Mexican expropriation of American oil company holdings, and a long list of laws which other countries have passed which Americans operating there feel discriminate against them and confiscate their earnings or properties. Iranian seizure of British property doesn't make Americans more eager to send their dollars abroad to develop other lands.

Since President Truman suggested that American dollars and skill be exported to build up the under-developed nations, many businessmen have been urging that first the American government should take a firmer stand in getting other nations to guarantee fair treatment of American investors abroad. That must precede investment, these investors contend.

IN THE FACE of this coolness to foreign investment—and Mossadegh's charge, on the other hand, that the British are trying to continue "their pillage of the national wealth of a poor nation"—we have two statements looking the other way, toward greater understanding and more investment:

1. August Maffry, vice president of the Irving Trust Co. of New York, who was once connected with the Marshall Plan, predicts that in spite of the obstacles and suspicion, the amount of American private investment in manufacturing plants abroad will expand steadily during the coming years. And he thinks part of the larger flow of funds will be coming through channels new to international investment: such as international trusts and international development corporations.

2. The U. S. Council of the International Chamber of Commerce, a world-wide business organization, is preparing an eight-point code of conduct for Americans investing abroad and for U. S. companies doing business in other lands. The code will recognize that the countries where Americans invest their money have their side of the story, too. The code will be a companion piece to an earlier code by the International chamber calling for fair treatment of American investors by other nations.

THE CODE WILL stress: the respect in which private American business should hold the laws of the countries where it operates; and also the respect Americans must show for the beliefs and customs of the local population. (In this connection, American oilmen have said that part of Britain's trouble in Iran was due to failure to understand Iranian customs and national ambitions—and to a long-time tendency to rub Iranian fur the wrong way.)

The third point in the code will be two pronged: the American investor has a duty to enter into public discussions in the foreign country through normal channels, but also the duty not to shoot off his mouth if his own le-

gitimate interests aren't involved. Since the American investor abroad wants a stable currency exchange, he has the duty to refrain from speculating in foreign exchange, the council will hold.

Locked Wheel Proves Bicycle Thief's Undoing

The lock on the rear wheel of a bicycle proved the undoing of an erstwhile bicycle thief early this morning.

At 2 a.m. today at 17-year-old Marion boy took a bicycle from its parking place in front of the Palace Recreation at 295 West Center street and tried to ride away while a police officer watched.

When the bicycle stopped short the police officer, who had become suspicious of the boy's actions, asked him if it wouldn't be better if he took the lock off the back wheel.

The youth was taken to police headquarters while the ownership of the bike was checked. It belonged to Charles Maloney who works at the Palace Recreation, police found.

The boy was taken to Marion County jail and held for investigation. He will have a hearing in Juvenile Court later.

500,000 Ohioans Reported Driving Without Licenses

COLUMBUS, Oct. 11—(AP)—State auditor Joseph T. Ferguson says a half million Ohioans are operating motor vehicles without drivers' licenses.

At the same time he said the state is losing some \$400,000 in revenue annually from driver license fees.

Ferguson said today he based his findings on an audit of driver's licenses sold for the year ending Oct. 1 as compared with motor vehicles registered in the state. He said his investigation showed there is considerable confusion among motorists regarding the new driver's license law which went into effect Oct. 1, 1950.

Under that law, motorists are required to renew their driver's license on their birthdays between Oct. 1, 1950 and Oct. 1, 1951. The new licenses are in effect for three years.

The state auditor said many motorists are under the impression their old license is good for three years, which accounts for the large number not being renewed. He said he is advising Highway Director T. J. Kauer of this loss of revenue to the state in "the hope that efforts can be made through the Highway Department to start a concerted drive against Ohio motorists driving illegally."

Contractor Runs Own "Air Lift"

SPOKANE—(UP)—A Spokane contractor has begun his own "air lift" on a daily shuttle between here and a town 88 miles away, where he has a church construction contract.

Paul E. Gemberling, who is a private pilot, conceived the operation as the best way to overcome a carpenter shortage in tiny Wilbur, Wash.

He said the daily trip for four carpenters consumes no more time than a suburban construction job for most workers—33 minutes each way.

GUEST NIGHT WAS held by the El Dorado Club Tuesday evening at the home of Mrs. William H. Pohler Jr. on Mt. Vernon avenue.

For a program, Bethel Hurst of Marion spoke on "Gardening Inside Your Home." He told of care of green house plants, and displayed examples of real and artificial plants for the home.

Dessert was served at bridge tables and the dining room table, with decoration of candles in holders encircled by baby mums and greenery at their base. The dining table was laid with a lace cloth and centered with a candle and flower arrangement. Co-hostesses were Miss Irene Cunningham, Mrs. William N. Wiley, Mrs. Rayl B. Conyers and Mrs. William D. Busch.

Business was conducted by Miss Barbara Axe. A rummage sale was announced for Saturday at the Sears Farm Store. Articles made by the blind were on sale.

Guests included Mrs. J. W. Llewellyn, Mrs. James H. Smith, Mrs. William Stanbro, Mrs. Calvin Topf, Mrs. J. J. Brown, Mrs. Robert Truka, Mrs. C. Ray Campbell, Mrs. Fred Issler, Mrs. William H. Pohler, Mrs. Frank Pralich and Mrs. Charles Carr.

A candlelight installation service was held Monday evening at the first meeting of the 1951-1952 club season of the Youth division of Lecture-Recital Club.

Lowell Gattman, Nancy Tower, Marilyn Porter and Mary Margaret Williams, retiring officers, assisted Mrs. Ralph E. Mills, counselor, in installing Roger Jamison as president; Gene Greer, vice president; Harriet Orr, secretary, and Linda Schwab, treasurer.

Theme of the meeting was "It's the ability, not the disability that was held Monday evening at the first meeting of the 1951-1952 club season of the Youth division of Lecture-Recital Club.

Mrs. Mills told about the origin of National Employ the Physically Handicapped Week, the first week of October of each year, and emphasized the fact that many great men have succeeded in spite of their handicaps. She then told about the life of Beethoven, the deaf musician.

Velma Clark, program chairman, was in charge of the following program: piano solos, "The Angelus Bell," Sibelius, Norma Harper; "Vienna Roses," Kuntz; Judy Dickson; voice numbers, "Chinese Rose," Newman, Ruth Ann Carey, and "My Cathedral," Rauthfuss, and "Bless This House," Brahe, Judy Wilson. Accompaniments were played by Mrs. Mills.

Bob Griffith led the members in their national pledge and Rebecca Roecker prayed the collect. Prizes in contests were won by Rebecca Roecker and Bob Griffith.

Refreshments were served by the hostesses assisted by Mrs. R. W. Thomas and Mrs. Frederick W. Leech.

The next meeting will be Nov. 14 with Janet Augenstein, Rebecca Roecker, Marilyn Porter and Judy Dickson as hostesses. Diane Copeland will be in charge of the study topic, and the musical program will be presented by Bob Griffith, Emily Rinnert, Nancy Thomas, Velma Clark, Jerry Fogle and Linda Miller.

Mrs. C. L. Lawler and Mrs. Keeneth Tobin were hostesses when the Tuesday Study Club opened the 1951-52 season Tuesday evening. Mrs. L. A. Axe, who will head the club for the coming season, presided for the meeting held at the home of Mrs. Lawler of 248 South Vine street. In greeting the members Mrs. Axe welcomed Mrs. Martin Goss as a new member. The meeting marked the opening of the club's 31st year.

Mrs. Lawler, program chairman, presented the year's program and Mrs. John T. McNamara, chairman, distributed patroness tickets. A report on the local and diocesan meetings of the National Council of Catholic Women, the latter held at Columbus last week, was given by Mrs. Carl Werley. A contribution was made to the annual Community Chest campaign. Mrs. Albert Merkle and Mrs. Harold Monnette were named chairmen to arrange for a rummage sale in the near future.

For the program Mrs. Mary Maxwell gave a travelogue. During the social hour refreshments were served from a table centered with fall flowers and lighted tapers. Presiding were Mrs. Axe and Mrs. A. J. Wagoner.

Mrs. James Eddy, a recent bride, was complimented with a shower given by Mrs. Betty Laucher of near Prospect Monday evening. Contest awards were won by the honor guest, Miss Carol Sue Obenour and Mrs. Mary Jane Eddy. Streamers in navy blue and bash, the colors chosen by Mrs. Eddy for her wedding, were showered from a chandelier to a table centered with a miniature bride and bridegroom and holding the shower gifts. Mrs. Mary Lou Laucher, Mrs. Mildred Dawson and Mrs. Eleanor Severns assisted the hostess in serving refreshments. The honor guest was Miss Maryalice Obenour before her marriage. Pvt. Eddy has been called to overseas duty.

The October 15 meeting of the Advance Club has been changed to the home of Mrs. J. F. Smyth of 326 Franklin street. It will start at 2 p.m.

Wounded Escapee Still Improving

Seymour "Rocky" Southern, escaped Ohio Penitentiary convict, who was shot and captured by Sheriff Retterer, continued to improve today in the prison hospital. He was transferred back to the penitentiary from City Hospital Tuesday afternoon.

Southern was captured early Saturday morning by the sheriff east of Marion. He had walked away from a penitentiary honor crew the previous Wednesday. He had been scheduled to be paroled yesterday.

He was shot while attempting to run from the sheriff. A .38 caliber slug struck him in the center of the back and bore through his body, coming out just above the right breast.

Marion Garden Center Notes

WINTER FOLIAGE

The time is coming soon when we will be short of material for bouquet arrangements, so now is the time to treat foliage for winter use. Do not delay, or it will be too late. Try beech and oak twigs for your first experiment, for they are the easiest. Use one cup of glycerine to two cups of water. Put this solution in a large juice can. Now pound or split the ends of the branches up two or three inches and place them in the can of solution, being sure that the cut parts of the stems are immersed. Leave them about two weeks. After they have turned bronze they may be stored in boxes for winter use and with care will last for several years.

Detroit Girl Happy To Be Miss Sewer Cleaner for 1952

DETROIT, Oct. 11 — (AP) — "Miss Sewer Cleaner of 1952" would seem to be a title most comely young women would avoid like poison.

But brunette Gaylia Davis, 17, of Detroit claims it, thankfully. "What's in a name," she asks, "if you get attention?"

Gaylia, you see, has ambitions for a theatrical career, "Hollywood and Broadway, both." She says publicity will help her.

So when she heard that a sewer cleaner company was taking applications for the title "I went down to see about it."

"They told me I'd get nice, big blowups of my picture at sewer cleaner conventions all over the country," she said.

"They made it look very attractive."

So her picture has been taken in a bathing suit that displays her curves (34-inch bust, 23-inch waist, 35-inch hips) to good advantage.

And she's wearing boots. What else would a sewer queen wear?

The capital of Guatemala is Guatemala City.

Bob Griffith led the members in their national pledge and Rebecca Roecker prayed the collect. Prizes in contests were won by Rebecca Roecker and Bob Griffith.

Refreshments were served by the hostesses assisted by Mrs. R. W. Thomas and Mrs. Frederick W. Leech.

The next meeting will be Nov. 14 with Janet Augenstein, Rebecca Roecker, Marilyn Porter and Judy Dickson as hostesses. Diane Copeland will be in charge of the study topic, and the musical program will be presented by Bob Griffith, Emily Rinnert, Nancy Thomas, Velma Clark, Jerry Fogle and Linda Miller.

Mrs. C. L. Lawler and Mrs. Keeneth Tobin were hostesses when the Tuesday Study Club opened the 1951-52 season Tuesday evening. Mrs. L. A. Axe, who will head the club for the coming season, presided for the meeting held at the home of Mrs. Lawler of 248 South Vine street. In greeting the members Mrs. Axe welcomed Mrs. Martin Goss as a new member. The meeting marked the opening of the club's 31st year.

Mrs. Lawler, program chairman, presented the year's program and Mrs. John T. McNamara, chairman, distributed patroness tickets. A report on the local and diocesan meetings of the National Council of Catholic Women, the latter held at Columbus last week, was given by Mrs. Carl Werley. A contribution was made to the annual Community Chest campaign. Mrs. Albert Merkle and Mrs. Harold Monnette were named chairmen to arrange for a rummage sale in the near future.

For the program Mrs. Mary Maxwell gave a travelogue. During the social hour refreshments were served from a table centered with fall flowers and lighted tapers. Presiding were Mrs. Axe and Mrs. A. J. Wagoner.

Mrs. James Eddy, a recent bride, was complimented with a shower given by Mrs. Betty Laucher of near Prospect Monday evening. Contest awards were won by the honor guest, Miss Carol Sue Obenour and Mrs. Mary Jane Eddy. Streamers in navy blue and bash, the colors chosen by Mrs. Eddy for her wedding, were showered from a chandelier to a table centered with a miniature bride and bridegroom and holding the shower gifts. Mrs. Mary Lou Laucher, Mrs. Mildred Dawson and Mrs. Eleanor Severns assisted the hostess in serving refreshments. The honor guest was Miss Maryalice Obenour before her marriage. Pvt. Eddy has been called to overseas duty.

The October 15 meeting of the Advance Club has been changed to the home of Mrs. J. F. Smyth of 326 Franklin street. It will start at 2 p.m.

D. J. Torrance spoke on the proposed four-mill school levy at a meeting of the Altrusa Club Tuesday evening when the group met

\$80,000 Basement Project Completed

Service of Dedication Planned
For Remodeled Epworth Church

THE NEW NURSERY DEPARTMENT ROOM in the remodeled basement of Epworth Methodist Church is pictured above. In appreciation of the church improvements, a dedication service is scheduled Sunday with Justice Henry A. Middleton of the Ohio Supreme Court as the speaker.

"Among the finest" of church educational units in the denomination's Ohio Area is the newly remodeled basement and offices of Epworth Methodist Church. The work has been done at a cost of approximately \$80,000 through gifts and pledges of the church's large membership.

To dedicate the completed unit, a special service of worship and giving of thanks will be held Sunday morning with Judge Henry A. Middleton of the Ohio Supreme Court as the speaker. Special music will be presented.

New facilities for study for the children's departments, in attractive setting, worship centers to inspire greater reverence, and other facilities to provide for the safety and the comfort of worshippers, besides those for carrying on more satisfactorily the recreational life of the church, have been made available.

Floor space has been increased by architectural planning through rearranging the room interiors, together with new hallways. Asbestos tiles of pleasing block pattern have been installed. A system of adequate drainage runs underneath the floor level, storage space has been provided where needed, drinking fountains, and better plumbing fixtures have been put in, a new system of ventilating and heating by gas furnace with automatic controls, and many multiple units of fluorescent lighting have been installed, with new power lines to replace the old, overloaded ones. A telephone conduit connects the offices.

New Timbers
To bolster the foundation for the large sliding doors in the auditorium above, new 8x8 oak timbers have been set in place for a distance of 50 feet. A fire in the church basement about 30 years ago weakened the old timbers. In the process of remodeling, a 6x10 foot room was found, bricked up. Other space was added to the Nursery Department room when a part of the old furnace coal room was available with installation of the gas furnace. Nursery rhyme print plastic panels are hung at the windows.

Soft shades of green, yellow, and complimentary contrasts have been provided for wall surfaces. In addition, the walls to a height of three feet have been lined with light smooth tiling, and this reaches to a height of six feet in the restrooms.

Offices have been remodeled and spacious cupboards for materials and supplies have been

When it is opened for programs, a public address system will be put in use. Exit lights mark all doors, and swinging doors connect it with the kitchen unit. There is convenient storage space provided for linens and silver. The auditorium is used as Junior Department room on Sunday mornings.

For presentation of programs, a stage in the auditorium is raised the height of three steps from the ground floor level. A green velvet curtain, when closed, forms the background for the movable appointments of the Junior worship center.

In addition to the Nursery Department, a cradle roll room has been fitted out with baby bed, couch, and toys, with other furnishings to be added.

Kitchen Furnishings
Stainless steel forms the fur-

nishings throughout the kitchen. Included are steam tables with facilities for self service in cafeteria style, automatic urns, and sink, dishwasher, and cupboards for increased convenience and efficiency.

In charge of the remodeling plans was Charles F. Cellarius of Cincinnati. Baldauf Construction Co. was the general contractor, and kitchen set up was arranged by John VanRang of Cincinnati. Consulting engineers were Fossick and Hilmer of Cincinnati. Other local companies did supplementary work.

Previously, work of rehabilitating the church included redecorating of the main auditorium, pointing the outside brick walls, and reinforcing windows and belfry. Old fashioned trimmings were removed in several cases.

During the time all this work was going on, the church met in full its World Service quota, gave liberally to many other benevolences and causes supported by the denomination, and kept current local expenses cared for adequately, Dr. V. E. Busler, pastor stated.

History of the church goes back to a small group, "eight devout pioneers," in the year 1820, 131

years ago, who organized the first Methodist class in Marion County in a farmhouse about six miles south of the city. This small group was led by a local preacher named Stewart, who was followed shortly by a Rev. Bacon.

Five years after that first class was formed in the county, another group of eight organized the first Methodist class in Marion. Apparently the first meetings were held in the homes of members, because it was not until 1831 that the first meeting house was built. This was a small, one-story building near the site of the old Marion Cemetery.

This first tiny congregation grew rapidly, and in 1845 the Centenary Methodist Episcopal Church was erected at East and Railroad streets.

Nine years later, in 1854, growth of the railroads made this location undesirable. Wesley Chapel was then built at Center and East streets, and became the place of worship for the next 35 years.

Wesley Chapel was last used on March 30 1890. For several months, during a period when a new church was being constructed, the Methodists worshipped in Marion City Hall.

On December 27, 1891, the present church was dedicated by Bishop I. W. Joyce. In 1905, an addition was joined to the main building, now known as the Service Chapel. The present parsonage was also erected in that year.

The original building cost \$50,000 in 1891. Improvements costing \$34,000 were made in 1929.

In 1946, by unanimous action of the Quarterly Conference, it was decided to remodel the basement floor, redecorate the interior, and paint the exterior of the church. These improvements were carefully planned to give fullest consideration to the educational, social and recreational life of the congregation.

Some time after the beginning, the local congregation with its own leadership raised some \$65,000. Since the original estimate for rehabilitating the church was about \$150,000, it was deemed wise to secure a fund raising organization. This was done, and some \$80,000 was pledged to be paid in a period of 30 months. In the near future at least \$10,000 additional funds will be raised to enable the building committee to purchase a new church organ, and complete the remodeling in the church auditorium.

The repair and remodeling committee includes Harold Grigsby, John L. Waddell, Jack Danner, Miss Reta VanMeter, Howard Swink, Mrs. W. E. Miley, Robert Bush, Paul Dasher, Edgar Barnhart, W. Hoover Brown, J. E. Oliphant, J. J. Stafford, Myrtle Hamilton, A. W. Kette, John H. Clark and R. E. Probst.

Family Service Society Ballots Mailed

Chest Donors To Pick Trustees of New Agency

Nearly 7,700 ballots for election of trustees to the new Family Service Society were mailed today to contributors in last year's Community Chest campaign.

The ballots contain the names of 26 nominees. Twelve will be elected to three-year terms on the board of the new Chest agency. Three other persons will be appointed to the board.

Included in the letters were an explanation of the new agency and the 1951-52 budget of the Community Chest. The annual campaign for Chest funds will begin next Tuesday.

The nominees, together with the board of trustees of the Community Foundation and secretaries of participating Red Feather Agencies met at Harding Hotel last night to hear a detailed explanation of the work of Family Service Societies. Miss Mildred Frank of New York, a field representative of the Family Service Societies of America, was the speaker.

Chairman Speaks
E. J. Kinter, chairman of a steering committee which organized the society and submitted the nominations, also discussed the new agency and introduced the nominees.

Mr. Kinter urged Community Chest contributors to return the ballots early, in the hope that the board may be organized by the end of October.

The first function of the board will be to employ trained social workers. In all probability two will be employed at the start.

Dedicated to the purpose of preserving families, they will offer child guidance, marital counseling and home budget advice—a helping hand wherever families are in trouble and want help.

Nominees Listed
Nominees to the board of trustees are as follows:

Mrs. H. V. Alexander, housewife and former case worker, Ray Beverly, business representative of the International Association of Machinists, A.F.L., Mrs. Ashley Booth, housewife and former head of the board of a family case work agency in West Virginia, William R. Diem, city editor of The Marion Star, Mrs. Robert Fay, housewife and former social worker, Thomas Feller, attorney Norman Fogt, director of pupil personnel for the Marion school system.

J. L. Halberstein, attorney, Miss Vivian Hall, director of the Marion County Welfare Dept.; Don Hentze, distributor for the Cities Service Oil Co.; Francis B. Hubel, cashier of Fahey Banking Co. and members of the Family Service Society steering committee, E. J. Kinter, vice president and treasurer of Fulfillment Corp. of America and chairman of the steering committee, Robert F. Logston, obstetrician and gynecologist, Forrest Loudenslager, farmer.

Other Nominees
A. H. Maxwell, department manager of Fulfillment Corp.; Ellis Oiler, president of Marion Industrial Union Council, C.I.O.; J. E. Oliphant, manufacturer's representative and member of the steering committee, Miss Mabel Powers, home service director of Marion Red Cross, Dr. Frederick W. Rea, pediatrician and member of the steering committee, Edward J. Russo, probate judge and Juvenile Court judge and member

Blue Star Mothers
Plan District
Meeting in Marion

Blue Star Mothers of America Chapter No. 27, will meet tonight at the YMCA to complete plans for the Northwest District Conference which will be held in Marion Oct. 16 at the 100 F. Hall with the Marion chapter as hostess.

Eighteen chapters in the district will be represented at the conference. Registration at 9 a.m. will precede the morning session and the afternoon session will begin at 2 p.m. Dinner will be served at 12:30 by members of Paramount Council No. 37, Daughters of America.

An invitation to attend the

conference has been extended to every mother in Marion or vicinity who has now, or has had in the past, a son or daughter in the service. The major project of the group is to aid hospitalized veterans and their families.

At a recent meeting Mrs. Helen Jerew, president appointed chairman for committees to plan the conference. Mrs. Gladys McDougal was appointed general chairman and others are Mrs. Edith Fox, luncheon; Mrs. Wilma Clark and Mrs. Rachel Stephenson; publicity and luncheon tickets; Mrs. Lydia Ralston and Mrs. Eva Pierce, registration; Mrs. Thursa Jones and Mrs. Bessie Lampton, programs; Mrs. Semah Carter, cards of registration, and Mrs. Ralston, gifts.

Guests at the meeting were Mrs. Esther Beet, first vice president

Permit of Marion
Bar Suspended

The liquor permit of the Worder Bar at 181 North Main street has been suspended for 90 days by the State Board of Liquor Control.

A hearing was held in Columbus Tuesday. The owners of the bar, Sandy Dublo and Antonette Lord, were charged with selling intoxicants to an intoxicated man. The suspension begins Oct. 15 and ends Dec. 13, the board ruled.

Mother, Daughter Sentenced; Lured Teen-age Icemen

AKRON, O., Oct. 11.—(AP)—A mother and daughter were sentenced to one year in the Marysville Reformatory today for contributing to the delinquency of two teen-age icemen.

The parents of the young icemen accused Mrs. Viola Alexander, 57, and her daughter, Mrs. Patricia Hale, 28, of luring the boys to Mrs. Alexander's home and conducting improper relations with them.

Juvenile Judge Bernard Roetzel sentenced Mrs. Hale. The mother asked to be tried in another court, then pleaded guilty before Common Pleas Judge S. C. Colopy.

The boys, aged 16 and 17, were placed on probation. They worked for a local ice firm last summer and now are back in school.

AEC, Military Chiefs Hold Secret Session

Control of A-Bomb Believed Issue At Pentagon Meeting

By ELTON C. FAY

Associated Press Military Reporter

WASHINGTON, Oct. 11.—(AP)—The military may be trying to persuade the administration to change its mind about a three-year-old ruling that the armed forces shouldn't have custody of atomic bombs now being mass-produced by the Atomic Energy Commission (AEC).

The belief grew today in light of an extraordinary meeting at the Pentagon early last evening. In that session, Secretary of Defense Lovett talked at length with AEC chairman Gordon Dean, two members of the commission, including Dr. Henry D. Smyth, the nuclear physicist who wrote the detailed report on the first nuclear bomb, and the commission's general manager, Marion W. Boyer.

More Than Routine

Although Dean occasionally comes to the Pentagon, the full-dress atmosphere produced by the appearance of the others stamped the meeting as something more than routine. The participants refused to say what was discussed. While there was speculation that custody of the bombs might have been a major item in the talks, it appeared probable that other matters also were considered.

Construction of the Panama Canal was made possible and the lives of thousands of soldiers and civilians, particularly those living along the Atlantic Coast and in southern cities, were saved because Major Walter Reed's Army commission had proved by February 5, 1901, that mosquitoes were yellow fever carriers.

ered. Particularly, there was the recent series of statements by AEC and congressional leaders about the new atomic weapon capability of the United States, statements which caused concern in the Pentagon over what officials there regarded as too-enthusiastic public interpretation of such talk.

The Pentagon atomic conference came at about the time a book was being published which reported that the late James Forrestal, first Secretary of Defense, had recommended to President Truman in 1948 that the military be given custody of atomic bombs.

Forrestal View

The book, "The Forrestal Diaries," said Mr. Truman decided against that because he did not want "some dashing lieutenant colonel to decide when would be the proper time to drop one (an atomic bomb)."

In what could have been a fore-runner to the present situation, Forrestal wrote that he told Mr. Truman.

"The conditions of readiness of these weapons are highly uncertain—that what a civilian might think was ready would be a long way from the readiness for battle use."

(The Atomic Energy Commission, under the act which created it, is composed of civilian commissioners, although military men are on its staff and a formal military liaison is maintained with the Defense Department.)

Marion Voiture Members Leave For Convention

Three members of Marion County Voiture No. 48, 40 et 8, and their wives left this morning to attend the promenade nationale of the 40 et 8 to be held Monday through Wednesday in Miami, Fla., in connection with the 33rd American Legion national convention.

Driving to Florida from the local Voiture are Dr. and Mrs. H. A. Hoopes of LaRue, Mr. and Mrs. Albert Dripps and Mr. and Mrs. William Arndt. Dr. Hoopes is grand historian of 40 et 8.

Glenn Allen of Rocky River, grand correspondent of the 40 et 8 and a member of the Marion Voiture, will also attend the convention.

Gen. Douglas MacArthur, the convention's principal speaker, is scheduled to arrive Tuesday, Oct. 16, in time to lead the eight-hour parade that afternoon, according to an Associated Press release received yesterday. He will address the delegates the next day.

CHURCH CLASS MEETS

Sweeney Class of the Epworth Methodist Church met recently at the home of Mrs. Fred Ellery Jr., of Bradford street. A special contribution of money was given to help the work of Miss Ethel Stevens, a home missionary in Kentucky. Mrs. Charles Dix was awarded a prize in a contest, and Mrs. Mary Weidemaier was consoled.

CARDINGTON MEETING

An organization of St. Paul Lutheran Church at Cardington meeting next week is the Luther League. Tuesday night, at the parsonage

AMERICAN homemakers are casserole-conscious—and they like them hearty and lip-smacking good. So with this chicken 'n' vegetable bake, they've a winner on three counts: It's economical because it uses leftovers and nonfat dry milk, it's nutritious and it's easy to prepare. With these features, it's a blue ribbon pick you'll be proud to add to your files.

CHICKEN 'N' VEGETABLE BAKE

2 cups water
4 T flour
2/3 cup nonfat dry milk
1/4 t rubbed sage
1 t salt
3/4 t black pepper
2 cups diced chicken
2 cups cooked mixed vegetables
2 cups crushed potato chips

Pour water into top of double boiler. Combine flour, nonfat dry milk, sage, salt and pepper; sprinkle over water; beat with rotary beater until well blended. Place over boiling water and cook, stirring constantly, until slightly thickened, about 10 minutes. Remove from heat. Stir in chicken and vegetables; turn into 1 1/2-quart casserole. Sprinkle crushed potato chips over surface. Bake in moderate oven (350 F.) about 10 to 15 minutes.

KING'S DAUGHTERS MEET

For a meeting of the King's Daughters Circle of Light on Monday, roll call was on "Halloween Superstitions." Mrs. Jessie Ellery was hostess in her home at 380 Bradford street. Mrs. Adah Severns presided, and Mrs. Louise Foble led devotions. A work meeting was planned for the home of Mrs. Florence Tennis on East Church street for Oct. 24, and a rummage sale for Nov. 3. Gifts for a box to be sent to an Indian center were collected. A report was given of 81 sick calls made and 20 hours of service listed. Special music was by Mrs. Maude Robinson, Mrs. Ellen Rorick, Mrs. Betty Whysall and Mrs. Ellery. Bible study was conducted by Mrs. Zelma Baker on a part of the Lord's Prayer, "Hallowed Be Thy Name." Mrs. Helen Meredith conducted a guessing box won by Mrs. Mildred Foster. Mrs. Rorick and Miss Cleo Finley assisted the hostess. A bake sale among the members will be conducted at the next meeting, and there will be a canned fruit shower for the King's Daughters' Maplecrest Home in Bucyrus.

JOB'S DAUGHTERS MEET

Beverly Mishler and Lucy Vargas were initiated when Bethel No. 2, Job's Daughters, met Tuesday night at the Masonic Temple. Plans were discussed for a hayride to be held Oct. 24. Inspection was announced for Nov. 22.

Galion Rotary Hears of Business Relationships

Special to The Star
GALION—Speaking on "Competitor Relations," Carl Baker, advertising manager of the Galion Inquirer, told members of the Galion Rotary Club Monday, "Business in this country is now in competition with a system called Communism, and business in this country must work together in order to help our system of free enterprise to survive." Baker told the club at its dinner-meeting at Hotel Talbott, that the golden rule applies to business as well as in other fields. He was presented by Clarence R. Myers, program chairman for the meeting.

Baker said that a newspaper largely depends upon competition between merchants for its income. He explained that a prime objective of business is service, and that competition is a test of that business. "Competition is either good or bad, and bad competition is that which does not increase service," Baker declared.

The advertising manager pointed out that each business man

It's always time for

wants his business to grow and develop, but that he must operate it according to certain rules of competition; legal rules or laws, and moral rules and obligations. The latter, he said, depend upon the individual, and business man for enforcement. He also explained that the national tariffs, the Sherman anti-trust law, and others, have been for the purpose of regulating competition. "Throughout the years of our national life, the

philosophy of our government has been the preservation of just competition," Baker declared.

MRS. WILCOX GIVES TALK

Mrs. Thelma Wilcox, religious director in the Marion public schools, discussed church activities when Circle No. 8 of the Women's Association of First Presbyterian Church met Thursday night, Oct. 4, at the home of

Mrs. Betty Glosser on East Center street. Mrs. Virginia Mylius served as assistant hostess. Devotions were led by Mrs. Kay Gettman. Mrs. Anna Beth Young presided in the absence of Mrs. Ruth Rutherford. The group will next meet Thursday, Nov. 8, at the home of Mrs. Wilda Albert of 521 Olney avenue.

New Orleans Drug Addict Test Works

Fear Drives Out Undesirables, Is Coroner's Finding

NEW ORLEANS—(UP)—It's easier to get a scientific test for suspected narcotics addiction in New Orleans than it is to get a test for drunkenness.

Addicts therefore are moving to cities where the police don't put as much faith in test tubes. "Chemical tests for narcotics addicts scare them off and make them leave town," said Coroner Nicholas Chetta, in whose crime laboratory the tests are conducted. "If most other cities start making tests, they'll start hopping back and forth like fleas in a frying pan."

The New Orleans police department and Dr. Chetta have only started testing equipment for making drunkenness tests. They have been testing narcotics addicts for more than two months and they said the test they use never fails.

Chemicals Tell

Police can't force a suspect to take a test, but most suspects will take one. Either a blood or urine sample will work. The sample is mixed with a test tube of a chemical. If the chemical turns a bluish violet color, the suspect is an addict.

The two policemen who arrest the suspect are witnesses and they make a qualitative test—to show whether or not the suspect is an addict—on the spot and while the suspect looks on. Dr. Chetta's technicians make a quantitative test later, to see how much narcotics are in the suspect's system.

Last the suspect deny later in court that the test is his, a number is pasted on the inside of his arm and a color slide is made with a special camera to show needle punctures and identifying marks.

So far, there is no chemical test that will prove whether a suspect has smoked marijuana. If a suspect has a cigarette on him, however, a microscope will determine quickly whether it contains marijuana. There is a hair on a marijuana leaf that occurs on the leaves of no other plant.

If a suspect doesn't have a marijuana cigarette, the insides of his pockets are brushed out and the refuse examined. Even a few shreds of marijuana in his pockets are enough to prove that he has possessed marijuana.

Traffic Increased

Like most seaport cities, there has been an increase in narcotics traffic in New Orleans. The number of teen-aged addicts arrested nearly doubled between 1949 and 1950. All murder victims are tested for narcotics addiction.

Police Underpaid, Official Protests

CHICAGO—(UP)—Chicago does not pay its policemen enough to attract candidates for the force, an official says.

Capt. Stephen Naughton, head of the department's training division, said he was having trouble getting together 100 recruits for a class he wanted to start. The force wants to add 300 men to its rolls but the starting pay of \$3,430 a year isn't high enough to leave them.

Modernized Alibis Pop Up In Fort Worth Courts

FORT WORTH, Tex. (UP)—The old defense of "I just had a couple of beers" no longer is stylish in Fort Worth courts for motorists charged with drunken driving.

The trend today is toward modern, original ideas such as chug holes . . . fever blisters . . . hair tonic.

There was the motorist arrested after officers told the jury of seeing him weave all over the road. The man readily admitted the weaving. However, he solemnly testified, he was cold sober and was just dodging chug holes in the road.

Dentist Blamed

A laundry worker blamed a trip to the dentist for his arrest. He couldn't talk plainly when picked up because the dentist "had just pulled a bunch of my teeth," he told jurors as he opened wide and exposed a gap in his teeth.

As for that smell on his breath, the dentist was to blame for that, too, he said. The dentist prescribed a mouthwash to use as an anti-septic, the man explained. It had alcohol in it and "smelled

something like wine," said the defendant, whose car had smashed into another.

Another motorist was puzzled because officers contended they smelled liquor on his breath. Actually, he testified it was the scent of medicine that he put on a fever blister.

Just Hair Tonic

Then there was the hair tonic that smelled like muscatel wine to a highway patrolman who arrested one motorist. But, said the man, he had just come out of a barber shop where he bought "the works," and what the officer smelled was hair tonic.

Many of the motorists with such original defenses have won an acquittal.

There was the case of one who contended he didn't remember driving all over the road the night officers arrested him and said he was drunk. In fact, he didn't remember driving, for two men attacked him as he left a theater and he "blacked out," he testified. The stopper, however, came from an aircraft worker. Most certainly he wasn't drunk when arrested, he testified. On the other hand, he added, the two officers who stopped him had been drinking. Bay horses have won the Kentucky Derby 34 times, chestnuts 27 times, brown 11 times, and blacks four times.

Defense Bond Sales Hit \$38,567

Robert E. White, Marion County defense bond chairman, today announced that county sales of E Bonds in the current Defense Bond drive which ends Oct. 27, total \$38,567 or 30.8 percent of its quota of \$125,000.

Three counties have attained their quotas: Harrison, with 122.3, Wyandot with 112.6 and Noble, with 110.1.

The rankings of the top 10 counties are: Harrison, 122.3; Wyandot, 112.6; Noble, 110.1; Williams, 90.8; Highland, 89.8; Paulding, 87.4; Geauga, 81.5; Summit, 70.2; Wayne, 68.8 and Delaware, 66.7.

Marion Soldier Serving in Korea Wins Commission

Second Lt. James E. Grace, son of Otto Grace of near Marion and Mrs. Estella Baughman of 678 North Main street, was recently promoted to that rank from sergeant.

He received the commission while serving with the 17th Field Artillery Battalion in Korea. He was operations sergeant at that time.

While serving in that capacity it was Lt. Grace's responsibility to keep informed at all times of the location of the battalion batteries and to issue orders and directives changing their gun positions when necessary.

Lt. Grace has been in Korea since August, 1950. He wears the Korean Service Ribbon with five campaign stars, the maximum number authorized for the Korean War. He has been in the Army since 1940. During World War II, he served 34 months in the Asiatic-Pacific theater of operations.

Building Activity Increases in Bucyrus

Special to The Star

BUCYRUS—September building activity in Bucyrus showed an increase over September of last year, Mrs. Anita Deisler, city clerk, reported today.

Nineteen permits were issued last month for construction, estimated to cost \$79,975. In September, 1950, 16 permits were issued with an estimated valuation of \$50,050.

Last month's permits included six for new homes, three commercial buildings, seven garages and several remodeling projects.

In the first nine months of 1951, a total of 100 permits have been issued for work estimated to cost \$464,250. During the same period a year ago, the city issued the same number of permits but the total estimated cost was \$377,140.

BIBLE CLASS MEETS

A meeting of the Ladies' Bible Class of the First Evangelical and Reformed Church was held Tuesday afternoon at the church. Mrs. M. B. Hale conducted devotions and offered prayer, several members were reported ill, and a collection was taken to go toward the purchase of a mural for above the organ at the church. A reading was given by Mrs. Frank Detweiler, followed by the Lord's Prayer by the group.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many take unnecessary backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the millions of kidneys that filter waste out of your blood. Car Rams House In Prospect

Driver Unhurt After Swerving To Avoid Other Vehicle

A car driven by Rudolph S. Stuckey, 61, of Prospect ran into a house at the northeast corner of the Water and Sugar streets intersection in Prospect yesterday at 10:30 a.m. He was traveling east and swerved around a car driven by M. Claude Carl, 72, of Edison who had stopped in front of him to make a left turn.

The front end of Stuckey's car was considerably damaged. The house, owned by Charles McClaskey, was damaged only slightly. Stuckey was unhurt.

A car driven by Edward M. Dunn, 25, of near Mt. Gilead was demolished when it went off the right side of the road and rolled over 2 1/2 miles east of Marion on Route 95 yesterday at 12:30 p.m.

Dunn was taken to Marion City Hospital by axe ambulance for examination of a head injury and was later taken to his home. Four arrests were reported by the state highway patrol.

Ralph Louis Squires, 29, of Columbus was charged with crossing over the yellow line on Route 23 at 2:30 p.m. He pleaded guilty before Mayor L. E. Klingel of Waldo and was fined \$10 and costs.

Vernon E. Hensel, 26, of 367 1/2 Oak street was also charged with crossing over the yellow line on Route 23. He was arrested at 3:15 p.m. and posted bond for a hearing in Municipal Court Oct. 13.

Verne Davies, 36, of Mount Vernon was arrested on a speeding charge on Route 95 at 8 p.m. He was fined \$15 and costs by Mayor R. R. Bennington of Mt. Gilead when he entered a plea of guilty.

Rex Donaldson, 45, of Carey was arrested at 11:20 p.m. on Route 23 on a charge of speeding. He pleaded guilty before L. C. Schoenberger, justice of the peace in Upper Sandusky, and was fined \$15 and costs.

Greenwood School P.T.A. Endorses Proposed Levy

The Greenwood School P.T.A. unit, at its first meeting of the year Tuesday afternoon, went on record as endorsing the proposed 4-mill school operating levy. This action was taken following a talk on the importance of the levy given by Lester L. Dickey, city school superintendent. The meeting was

held in the parish house of Calvary Evangelical United Brethren Church.

Following the meeting, open house was held from 3:30 to 5 o'clock for the purpose of introducing new mothers and new teachers at Greenwood School this year. Mrs. R. W. Faulkner, program chairman, extended a welcome to the mothers, teachers and guests, and Miss Philomena Gregg, principal, introduced the teachers, each of whom gave a short talk. Mrs. Louis Ansley,

school nurse, gave a brief talk on the school health program.

Mrs. Howard Geer, president of the unit, presided for the meeting during which Mrs. Oscar Bowden, finance chairman, announced plans for two rummage sales to be held this month, on Oct. 18 by the second, fourth and sixth grades and on Oct. 23 by the first, third and fifth grades, in the Palace Theater building.

Presiding at the tea table during the open house were Miss Gregg and Mrs. Geer. The next meeting will be Nov. 13.

1st Book by Doris Davis

Marion Woman's Novel Now in Publication

A first novel by a Marion woman is now in publication and will go on sale in book stores throughout the county Nov. 23.

The author is Miss Doris Davis, native of Marion, who makes her home here on Cambridge avenue. Her novel is titled "The Women of Champion City."

Three years of writing and revising have gone into the novel which has Florida as its setting. The time is the early winter of 1915.

Central figures are Cassandra Bickham, a tough, wise woman who runs a tourist court hotel, Nadine, the girl she befriends, Ran Peters, who loves Nadine, and Stephen, the husband who has abandoned her.

Other Characters

Other characters are Delaney, the 4-F clerk at the "Kumquat May," the flouting Mrs. Flugleman, Ryndela Rose Maygrew and numerous others.

Miss Davis' obvious insight and power in the novel's setting is novel as an inescapably good book in Florida, where Miss Davis was

working during the war, it was written in Ohio.

Miss Davis began writing it three years ago and most of her work was done over weekends. The best part of two years was spent in writing and the last year has been devoted to revisions. Miss Davis' contract with her publisher was made last summer while she was attending a writer's conference at Breadloaf, near Middlebury, Vt. This year she had a fellowship to Breadloaf where she studied.

Old Ambition

"I always wanted to write," Miss Davis said in discussing her novel. Another novel, written during World War II, the setting of which is Ohio, has never been published. This was written in Florida. At present she is working on a third book.

Miss Davis was graduated from Harding High School. Her parents were the late Mr. and Mrs. Kay Davis.

George Washington P.T.A. Backs Levy

Approximately 180 teachers and parents attended the first meeting of George Washington P.T.A. Tuesday night in the school auditorium. George Schwab, president, conducted the meeting.

Three speakers were included in the program. Robert Haldeman addressed the group on the four mill school levy, which the group endorsed. Harold Fralich spoke on the coming elections, and John Ehlert on financial support of religious education programs.

After the business session, parents visited the classrooms to meet and talk with teachers.

ENTERTAINS SOCIETY

Mrs. Glenn Riddle entertained the File Memorial Baptist Missionary Society recently at her home at 509 Pearl street. Devotions and prayer were in charge of Mrs. Lou Messey. Mrs. Harvey Woy was program chairman, assisted by Mrs. David Roberts, Mrs. Verdon Davis and Mrs. Selo Bayles. Mrs. John Ralston was a guest. Assisting the hostess were Mrs. William Sharp, Mrs. Bayles and Mrs. Leona Sanderson.

GALION BIRTH

GALION—Announcement has been received here of the birth of a son, Monday, in New London, to Mr. and Mrs. Lawrence Schreck. The mother is the former Betty Earl of North Fairfield, and the father is the son of Mr. and Mrs. Arthur D. Schreck of Galion.

A HANDY WEAPON

GREEN BAY, Wis. (UP)—James Walton, 25, was fined \$50 for "armed" assault of a patrolman who was arresting his brother on a reckless driving charge. Walton's weapon—his artificial arm.

Production Credit Assoc. Annual Meetings Planned

The 18th annual stockholders' meetings of the Marion Production Credit Association have been planned in Marion and four surrounding counties.

The first of the meetings will be held for Crawford County in the Sulphur Springs School, Oct. 22.

On Oct. 23 the Wyandot County meeting will be held at the fairgrounds near Upper Sandusky.

David M. Davidian, a native of Turkey who came to this country many years ago, will be the featured speaker. He was educated at Bethany and Yale University and is an educator of wide experience.

A director for the Crawford County P.C.A. will be elected. The candidates are Walter J. Kerr of Bucyrus and H. L. Swalley of Galion. The present director is Mr. Swalley, and he has held that position for 17 years.

Wyandot Candidates

A director will also be elected

at the Wyandot County meeting. There are three candidates, George Beis, Lewis Gottfried Jr., and W. B. Heckathorn. Wesley Gregg of near Sycamore, the present director, is not a candidate for reelection.

Directors for P.C.A. groups are elected for three-year terms. The next meeting in the series will be held in Morrow County at the Edison school. C. R. Arnold and educator and agricultural expert, will be the speaker. He has been a P.C.A. commissioner since 1933.

The final two of the meetings will be held in Marion and Hardin counties. Larry Brandon, secretary-treasurer of the Indiana Farm Bureau, will be the principal speaker. Mr. Brandon helped organize the Albion, Ind. P.C.A. branch.

The Hardin County meeting will be held Oct. 29 at the Hardin School near Kenton on Route 67.

Marion County Meeting
The Marion County meeting

will be held at the Pleasant Township School Oct. 30.

All five of the meetings are scheduled to begin at 8 p. m. Refreshments and entertainment have been scheduled for each meeting.

The five-county area of the Harley Mayers of Marion; Morrow County, Harley Bachelard; Hardin County, Paul Dirksen of Kenton; Wyandot County, Wesley Gregg of near Sycamore.

HOWITZER HURLS FLAME AT COMMIE HILLBUNKERS Screaming death flames from muzzle of a 155-mm howitzer of the 17th Field Artillery in support of the U. S. 1st Cavalry division on the Korean front. The shells are aimed at Chinese Communists entrenched in deep bunkers along west-central front INP photographer Fred Waters.

ARMY SIGNAL CORPS UNVEILS ITS TELEVISION "EYES" An Army television ground crew goes into action in Washington to demonstrate the new mobile TV unit capable of transmitting pictures from remote areas to commanders' umpties and military classrooms. The "eyes," carried in four 31-foot long buses, cost about \$200,000. The unit has three TV cameras, 10 receivers and a projector that will show life-size pictures in addition to its power inter-communication radio and micro-wave units. The equipment could be used in wartime to bring actual battle action scenes to a commander in rear headquarters, serving as eyes for the major directing the action.

YANKS SCORE 14TH WORLD SERIES TRIUMPH

IRVIN CHASES GAME-WINNING TRIPLE. A blazing triple in the sixth inning by Hank Bauer, with the score knotted at 1-1, drives in three runs, enough to give the New York Yankees a 4 to 3 victory over the New York Giants, and a 14th world championship. The Giants' Monte Irvin is shown madly chasing the ball (arrow) hit by Bauer.

Bauer Clutch Man In Beating Giants

By JACK HAND

NEW YORK, Oct. 11—(AP)—Old Casey Stengel sits atop the baseball world today with a knowing wink and three straight world championships to show for his first three years as manager of the New York Yankees.

You can bet your bottom dollar the grizzled skipper will be back in 1952 to complete his \$55,000 plus contract. And probably 1953 and so on.

Unless poor health dampens the fire of this old warhorse, he'll be back as long as they want him. Right now, that's probably forever.

Sure Leo Durocher's "Miracle Men" Giants gave the Yanks a good wrestle before succumbing, 4-3, in yesterday's sixth game at chilly Yankee Stadium. But they couldn't quite manage another miracle against an aroused Yankee club that chalked up its 14th world championship in 18 series.

If you looked sharp you could see this coming since Sunday's postponement. Trailing 2-1 in games without a pitcher for the fourth, the Yanks got a terrific break when a 2½-inch rainfall washed the game into the Harlem River.

Day of Rest

Allie Reynolds gained another day of precious rest and came back to blind the Giants Monday. Then they rolled the heavy artillery into action for the 13-1 slaughter of the fifth game.

Maybe they were lucky to close it out in six. The Giants outthrew them yesterday, 11-7, and staged a rousing finish that all but saved the day.

Still Hank Bauer's 400-foot triple—a typical Yankee blast—unloaded the bases with the winning runs in the sixth. That was the ball game, plain and simple, although it took a bit of doing to keep it under control.

Bauer, more or less of a flop in this series, emerged a double hero. His hit over Monte Irvin's head won the game from Dave Koslo. His sliding catch of Finch Hitter Sal Yvars' sinking liner saved the game in the ninth.

All the credit in the world belongs to the gallant Giants who clawed from last to first in the most exciting playoff series in all baseball history. They never quit when the Dodgers had them 4-1 going to the ninth in the last playoff game. And they never quit yesterday when they went to the ninth, trailing by that same 4-1 score.

"Three outs to go," yelled Leo "let her rip" and rip they did. Durocher's gang put up a mighty scrap. Koslo gave him two well-pitched games until Bauer's crusher. They kept up the fight without help from Sal Maglie, their ace, who worked only five listless innings. Larry Jansen, their 23-game winner, failed them twice.

In Their Punching

Still they were in there punching, reaching for the big prize until Bauer gathered Yvars' last-gasp punch to his chest.

Durocher got a terrific series from Monte Irvin with his .458 average and his 11 hits that tied Dave Robertson's old Giant mark of 1917 for a six-game series.

And ditto for Alvin Dark (.417) who played errorless ball at shortstop and chimed in with 10 hits.

Wes Westrum (.235), Hank Thompson (.143) and Willie Mays (.182) didn't help the Giants much. Neither did Bobby Thomson (.238). Eddie Stanky (.136) contributed his bit with his "field goal" out of Rizzuto's glove Saturday.

But the Yanks hit better, .246 to .237, hammered the most extra base hits and home runs and scored 11 more runs.

Eddie Lopat, the chunky lefty with the easy motion, came up with a pair of five-hitters. Reynolds came back with a fine effort.

Kuzava was able to hold the fort against that desperate ninth-inning finale by the Giants.

Stengel probably did his finest job this season. Winning the pennant with only one .300 hitter—Rookie Gil McDougald—and taking the series from an inspired Giant gang.

Little Phil Rizzuto led the Yanks with a .320 average, set a record by handling 40 chances in a six-game series and helped the Yanks tie a record with 10 double plays.

The day (Monday) when Joe DiMaggio, playing his 10th series, slugged his way out of his hitless slump found the Yanks finding their stride. Joe wound up setting a record by playing in 51 games and coming to bat 199 times to erase Frankie Frison's marks.

Almost every Yank had his day—McDougald with his grand slam homer off Jansen in the fifth game, Bobby Brown with his .357 average to close out a career of astonishing World Series success. Even Yogi Berra came out of it toward the end and wound up with .261 along with DiMaggio and McDougald.

Johnny Mize finished with .286, dividing first base with Joe Collins (.222). Gene Woodling wound up with .187 but made some fine catches in left field and hit a homer. Bauer, of course, had his day in the finale.

A 1-0 Yank lead in yesterday's first inning lasted until the fifth when the Giants tied the count on May's single, a passed ball and two fly balls.

Then came the sixth. With one out Berra singled to right and took second on Hank Thompson's tumble. DiMaggio was walked intentionally. Koslo uncorked a wild pitch to Gil McDougald and both runners advanced. Then Gil hit a soft liner to Thomson. Mize walked to load the bases. Bauer hammered a long fly over Irvin's head for a three-run triple and the game.

Vic Raschi, the eventual winner, was knocked out in the seventh when Johnny Sain, an old National Leaguer from Boston, put down three men in a row after Raschi gave two hits.

Sain blew down the first two in the eighth before he loaded the bases on two walks and a single. He recovered to curl a third called strike past Pinch Hitter Ray Noble.

Dramatics in Ninth
The real dramatics came in the ninth when Stanky singled, Dark beat out a punt for a hit and Lockman singled to load the bases. Sain was done and Casey waved in Kuzava for his first series chance.

The blond lefty got Irvin and Thomson on fly balls to Woodling. Each time a run scored after the catch, closing the gap to 4-3.

With Lockman on second, representing the tying run, Yvars sent the sinking liner that Bauer just did catch on his knees.

The final day crowd of 61,711 sent the total receipts to \$1,633,457.47. With the total player pool for the first four games including \$560,562.37, each winning Yank will receive about \$6,539. Each Giant gets \$5,191, a record.

YANKS LOAD BASES EARLY TO COP 14TH SERIES. Losing no time in their bid for their third consecutive and 14th world baseball championship, the New York Yankees load the bases in the first inning of the sixth game in the all-New York World Series. Joe DiMaggio is on first; Yogi Berra on second, and Jerry Coleman on third. Gil McDougald is at bat. Moments later he fled out, scoring the first run of the game. Final score: Yankees 4, Giants 3.

Durocher Praises Team

Acclaim Giants Champs Despite Loss in Series

NEW YORK, Oct. 11—(AP)—For the first time in history, there were two championship teams when the World Series ended.

The Yankees were champs because they defeated the Giants, 4-3, yesterday to take the series, four games to two.

The Giants were champs because their manager, Leo Durocher, said so.

"You are champions, every one of you, and you fought 'em all right down to the wire," Leo told his boys after they had dropped yesterday's deciding game to the Yankees.

Across the hall, in the Yankees' dressing room, they were toasting Hank Bauer, the man of the hour.

Referring to his game-saving catch of Sal Yvars' line drive in the ninth inning, Bauer said: "First I saw it, then I didn't. I saw it again, just in time, I was damn lucky."

Stengel was more jubilant than anybody else.

"We did it! We did it! We did it!" He kept yelling.

Durocher, trying hard to play the part of a good loser, said: "I'd play the series the same way. If I had another chance I'd do the same things."

Someone asked him about next year.

"I had enough trouble thinking about 1949, 1950, and 1951," Leo said.

An offer of \$15,000 if the Giants would manage to lose the next three games was received in a letter by Manager Leo Durocher according to his actress wife, Laine Day.

The letter, written on stationery of the Strand Hotel of Atlantic City, N. J., and postmarked Oct. 6 at Fresh Meadow, N. Y., on Long Island, was turned over to Baseball Commissioner Fred Frick before yesterday's final game.

The letter began: "There's \$15,000 for you and your team if you manage to lose the next three games. If you are interested call (a Jamaica number was listed here). If you want to keep Laine, better keep your mouth shut."

Charles Gets T.K.O. Over Game Layne

PITTSBURGH, Oct. 11—(AP)—Ezzard Charles is hot on the comeback trail today after scoring a TKO over Rex Layne in the same ring where he lost his heavyweight title to Jersey Joe Walcott.

Charles stopped the 23-year-old Salt Lake City, Utah, boxer in 2:32 of the 11th round last night in an interesting but unimpressive bout before a disappointing turnout of 6,257 fans at Forbes Field.

Charles weighed 188, heaviest of his fighting career, and Layne 195½. The fight grossed \$59,763, including \$25,000 for television rights. Temperatures in the low 50's kept down the attendance which promoters expected to reach 15,000.

Heavier by six pounds than for his last title fight, the former champion was far ahead by points when a hard right to the chin in the 11th dropped Layne for a nine count and the referee stopped it.

"I was ready for Walcott," declared Charles in the dressing room after the fight. "I know I can beat him anytime he will meet me."

"But you can't say that Layne wasn't hard to beat," added Charles. "He was hard to hit but I finally caught him with rights."

Dejected but smiling as his handlers bathed a badly cut and bleeding left eye and his battered lips, the 23-year-old Layne remarked:

"Charles is a good fighter. You've got to give him credit. I don't know what happened. I guess I just got hit."

Medina County Eleven Takes Fine Record Against Claridon

Claridon's unbeaten six-man strongest in the league in the Double-M League to play Liverpool, Medina County champions under the lights Friday night at Claridon.

The visiting Dutchmen boast an impressive 24-3 record over a three-year period while Coach Herb Bennett's team has won 21 and lost only two over the same period.

The home economics class of Claridon will make the game a special event by serving refreshments to players of both teams and officials following the game.

To date Claridon has scored 133 points to their opponent's 56 while the Dutchmen have tallied 83 and given up 33. The Hornets will rely on their one-two punch of Ray Price and Lon Earl for most of their scoring.

DELAWARE, O., Oct. 11—Glenn Fraser, Ohio Wesleyan football mentor, hopes his team continues its jinx-breaking Saturday when it meets the Case Rough Riders on the Bishop gridiron.

Wesleyan, holder of a two-win one-loss record, snapped two bugaboos last Friday night at Buffalo, N. Y. In whitewashing the University of Buffalo, 21-0, the Bishops won its first night game and first eastern trip under the Fraser regime.

For the past two years Case has stopped the Bishops, winning 13-9 in '49 and 20-13 in '50. But on strength of their good showing against Otterbein (20-0) and Buffalo (21-0) the Bishops are hoping to reverse the trend.

The Bishops will rely on the speed of halfbacks, Dwight McMahon and Joe Stone, the passing of Quarterback Hayden Duckley, and the receiving of End Dale Bruce. McMahon has 210 yards in 27 carries, while Stone has romped 135 yards in 12 chances. Duckley has completed 14 passes for 196 yards and two touchdowns, both scoring efforts going to the nimble-footed Bruce.

Also encouraging in the New York jaunt was the play of Wesleyan's line, both offensively and defensively. The Bishops amassed 230 net yards against the hefty Bulls, while holding for a slender 73 net yards.

This marks the 30th meeting between Case and Wesleyan, with Case on top in wins, 21-6, with two deadlocked. Gametime is 2 p.m.

Crippled Miami Plays Western Michigan

OXFORD, O., Oct. 11—Miami University opens defense of its Mid-American Conference football championship seriously crippled when it invades Western Michigan College at Kalamazoo Saturday.

Lost for this week and possibly for the season is Jimmy Root, junior quarterback from Toledo, whose second-period rib injury is regarded as a big factor in Miami's 32-14 loss to Xavier here last Saturday. Root, whose passing had been expected to help counteract Xavier's weight margin of 12 pounds per man in the line, had completed 6 of 8 passes when he left the game. Coach Al Pansogian said he felt Jim Kennedy, Zanesville freshman quarterback, responded well under the pressure when he replaced Root.

Also probably out for next Saturday are two key defense men, Capt. Don Green, tackle, and Joe Codiano, linebacker.

Harding Awaits Lima South; St. Mary Plays In Columbus

Prexies Hosts

By JOHN SHORT

Harding and St. Mary will wind up the first half of the current grid campaigns this weekend. The Presidents play host to Lima South tomorrow night at the Stadium while the Irish travel to Columbus Saturday night to take on Columbus St. Mary.

Lima South will bring a 2-2 record to the stadium. The Tige took their opening two games by rolling over Toledo Wood and and dumping Findlay, 14-0. In their first two outings the Lima crew has lost to Cincinnati Central 13-0, and powerful Steubenville 37-0.

A tough hard-nit by injuries during the early part of the season, Coach Frank Hanna's crew will be in tip-top condition for the Picky Pil' Quarterback Jim Callahan, triple-threat signal caller has been sidelined with a slight concussion suffered against the Cincinnati team but is expected to return to action next week.

11 Lettermen
The South roster is bolstered by 11 clutching lettermen in the team which last year dumped Harding 19-0. A letterman is as valuable for every position except one: the backfield post.

The school's back field probably will be composed of Callahan, the signal caller, and of Sepomore Games Fields. Callahan, a 178-pounder, is expected to be the under-study is 5-9, 132 pounds. Fields, who will be Joe Higgins, 5-7, 130 pounds, and Chad Stokes, 5-6, 161 pounds. Bob Henderson, 5-11, 170-pounder, is the regular fullback.

St. Mary's Fighting Irish will go into the Columbus fray a long-sided favorite to cop their third win of the season.

The Capital City crew, however, may be gunning for Ray Kobbins' crew. The Columbus Irish have absorbed defeats in their first four outings and still are seeking their first win. They have been beaten 36-0 by Delaware Falls, 26-20 by Mt. Vernon, 31-8 by Springfield Central Catholic and 26-7 by Lima St. Rose. The team which barely managed to beat St. Mary 13-6, two weeks ago.

Top Condition
Observers at Lima expected the South crew to be injured on the scrap last week with Steubenville, but a driving rain slowed up action during the game and none were reported.

Coach Pete Howison at Harding expects to be a thout the services of Chris Brady to the team. Brady has been laid up all week with an illness and probably will not dress.

With Brady out, the bulk of the call-carrying probably will fall on the shoulders of Tom McClain, Jim Russell, Chuck Taylor and Doug Bibler.

Hard Hit

The Columbus squad has been hit by injuries so badly that Coach Ken Neville was forced to cancel this week's practice sessions. Bolstered by 14 returning lettermen, the squad starts a line averaging 176 pounds. Running from a T formation, Neville's boys use various flanking and spread variations. Lack of a breakaway runner has hampered the attack this year and the team takes to the an often Every backfield man on the roster has experience at throwing the pigskin and is capable of hitting his downfield receiver reports say.

Harry Brown, first string quarterback, is teamed with Jim Moore and Dick Brooker at the halves and big Jim McDonald at full. With the passing attack clicking Coach Neville probably would field a powerhouse with a speedy back. McDonald has been on the injury list but is expected to be set for the Saturday night tilt.

Despite a report earlier this week that Dave Smith would be

ably would not be able to play. The linebacker suffered a sprained ankle in the Lima St. Rose encounter. Jim Finnegan, however, is expected to be at top form after being slowed last week by a fractured finger.

The game is scheduled for 8 p.m. at the Columbus North High School Stadium. The field is located just east of North High street on Arcadia avenue.

GO TO PUERTO RICO
NEW HAVEN Conn. (AP)—Coach Howard Hobson's Yale basketball coach, will take ten members of last year's squad to Puerto Rico in September for a few court games. Two of the contests will be with the University of Puerto Rico and one each with amateur teams in Ponce San German and the College of Agriculture at Mayaguez.

During the regular season the University of Puerto Rico will return the compliment and meet the Bulldogs Jan. 2 at the El Estadio.

Inside Labor

NEW YORK

HARRY BRIDGES, one of the most powerful leaders of Moscow's global labor network, has been ordered to fly into New York City on a mission so secret that only a handful of his closest lieutenants know his plans. They are under his strict orders to keep his trip under cover.

If this story doesn't frighten off the fiery West Coast pro-Soviet activist and waterfront leader, his mission will eventually create considerable turbulence throughout America's defense industries.

Bridges' strategy was to rush to New York this week and go into hiding immediately. Then, he will attempt to slip quietly into a carefully guarded conference in the Hotel New Yorker. So secret is this pro-Communist parley that all arrangements have been made in the name of Bridges' people, including a William Glazier of Washington and Joseph Selly, the man the left wingers years ago assigned to infiltrate our communications industry.

Summoned to meet with Bridges are 15 to 20 of the most trusted leaders of the pro-Communist unions kicked out of the CIO last year. For weeks now, they have been alerted for the organization of the Communist labor fed-

ation which they hope will rival C.I.O. in America's defense industries. Then, if strength develops, the Communist organizers will invade A.F.L. territory.

IT IS AT THIS session, one can presume, that the Communist leaders, who still have enormous power in the fields of atomic energy, copper and metal smelting and fabricating, meat packing, electronics and aircraft as well as automobile manufacturing—and a combined treasury of some \$50,000,000—will be briefed on the newest international Communist line. This should be watched carefully, for it will reveal the most recent trend in world-wide Soviet policy.

The parley is scheduled to run for two days, in the New Yorker's Parlor C and then Parlor B, running into evening sessions.

It can also be revealed that every move being taken is screened by the inner directors of this operation to make certain that it would meet with the approval of John L. Lewis.

IN ALL FAIRNESS to the Mine Workers' union, it should be reported immediately that he is not aware of these secret discussions among the country's highest pro-Communist labor leaders. However, unless this story stops them, they will offer the presidency of the new federation to him. Therefore, their inner sanctum discussions have for weeks been studied with phrases such as "Do you

By Victor Riesel

think John Lewis will approve this? ... or ... "Will Lewis go for that? ... and ... "Is that inconsistent with his views?"

At the same time, no report can be complete without disclosure that John Lewis' men in the field are still contacting left wingers and hinting that Mr. Lewis has not entirely closed the door to his leadership of such a left wing coalition of unions such as Bridges' boys are working on right now in this city.

ONLY A FEW weeks ago, while in San Francisco, we learned that Bridges, through mutual left wing contacts in Detroit, had invited Lewis to address a Los Angeles mass meeting. John L., although he turned it down, received the bid with obvious friendship.

It is known that Bridges' and Lewis' views coincide on at least one project—the number one goal of the communies today inside labor. That's the destruction of Walter Reuther's influence. The Communies seek to break him because he's one of the greatest stabilizing forces in our basic defense industries. Lewis loathes him because Reuther is one labor leader who has out-glamorized him, not only in the U. S., but across the world.

But whatever brings the lefties and Lewis together, after a recent rift, would create a labor coalition as powerful as any in the country—for among them they would control almost every facet of war production, except the steel industry.

Geisha Boys

SOUTH BEND, IND.

AS AN ardent, long-time champion of equal rights for men, I have been considerably heartened in my campaign on behalf of the opposite sex by recent developments in South Bend.

I have long advocated equal opportunity for men in the marketplace, believing that once they gain confidence in themselves they will be able to succeed in a variety of public careers outside the pool halls.

Naturally, the hand that rocks the cradle may never rock the world, but there is no reason, say I, why men should not eventually succeed as stenographers, file clerks, receptionists and office husbands.

So it is pleasing to report that South Bend has taken an even longer and more enlightened step ahead in the emancipation of men.

IN OTHER, MORE backward communities, men may still find where brook and river meet—and a very cold occupation at this time of year, particularly if the water is deep. But here in South Bend, the answer to the Geisha girl has been found in

live forever and like it) would do better to come out to South Bend and study a field case like Mr. Miller, who is 83 and going strong. He has just completed a new, million-dollar newspaper plant in which he proposes to spend his middle age. (Probably double the size of the plant for his old age.)

On a personally conducted tour of the new plant, Mr. Miller winked me.

"I hope you don't mind stairs," he said, as he raced up and down long flights with me panting like a steam shovel in his rear. "We have a new self-service elevator. Never had gotten so I like the thing."

GASPING FOR BREATH, I said I was just crazy about self-service elevators and would be glad to push the thingamabobs that make it go.

"Really?" asked Mr. Miller. "Can't get a soul out here to operate it. Why don't you stay and run it for me?"

(So don't go saying I have to write this column because I can't get anything else to do.)

As I say, the men are really making good in South Bend, what with Mr. Miller, who has been on the paper for 64 years, and the other newspaper boys in the Geisha business.

But the girls do all right, too. Mrs. Miller is going to allow Mr. Miller to help celebrate their sixtieth wedding anniversary in June, '52.

Series Interview

NEW YORK

AN imaginary radio interview with Alonzo Myopia, a faithful World Series baseball fan.

Announcer—I understand you've been going to World Series contests for 40 years. What did you think of this one?

Myopia—Awright.

Announcer—I agree with you. It was one of the most thrilling in history. How did you like the New York Yankees?

Myopia—Awright.

Announcer—Yes, they sure did but splendidly when the cards were down. And what did you think of the Giants?

Myopia—Dere droppickin' was superb, but dey need a few lessons in howda dribble. How did dey manage to get all dat buttah on so few fingers?

Announcer—Heh, heh. Well, sir, and would you mind telling our audience what was your biggest disappointment?

Myopia—My cowbell broke in da toud innin' uh da foist game. I couldn't get it working again untill da climactic contest.

By Hal Boyle

ANNOUNCER—THAT'S too bad, sir. I guess that home run by Gil McDougald with the bases loaded gave you a real thrill, eh?

Myopia—I di'n getta see it. I was out havin' a beer wit my budder-in-law. D.J. dope—he always gets thoisty at duh wrong time.

Announcer—Did you take you wife to any of the games, sir?

Myopia—At six ducks a ticket? What'd I buy her dat television set for?

Announcer—What was your biggest disappointment in the series?

Myopia—I got a stale bun in duh toud game at duh Polo Grounds, although duh hot dog itself was okay. I cannot understand why it's always at duh Polo Grounds I get a stale bun. It oney happened to me once at Yankee Stadium. That wuz in 1938—or 1939. No, wait a minute, lemme think. Was it 1936?

ANNOUNCER—WELL, never mind. Let's get back to the series itself. What were you looking forward to most?

Myopia—To gettin' a free ball. I know one guy who's got two free balls and he's oney been to 13 Woi! Serious contests entire. I been to at least 56 games and I never even got my hands on one. Not even duh time a homer

Forest Takes On Lafayette

Special to The Star

FOREST, Oct. 11—The Forest High Rangers will play at Lafayette Friday where they will be seeking their fifth straight victory and their fourth in Northwest Conference competition. Last week Elida had a tough time defeating Lafayette but won in the final moments 12 to 8. The Wolves no doubt are a greatly improved club. In other league games Lima Shawnee is at Delphos, Elida is at Pandora and Spencerville is at Columbus Grove.

New Bloomington Wins 7th Straight

The New Bloomington High School baseball crew posted its seventh consecutive win yesterday by pounding out a 15-4 verdict over Morral.

Harruff, New Bloomington's first sacker, collected a double and four singles in five trips to the plate. Bill Persinger was the winning hurler but was relieved in the sixth by Moury with Tron coming on in the seventh.

New Bloomington is tied for the Marion County League lead with Pleasant. The two teams meet tonight for the deciding tilt. The winner of tonight's game will represent Marion County in the district tournament at Columbus next spring.

Govt. Order Would Start Jan. 1

30 Percent Cut In Auto Output Contemplated

By WILLIAM KERWIN

International News Service Staff Correspondent

WASHINGTON, Oct. 11—(INS)—The government today is contemplating a new 30 percent cutback in automobile production slated to become effective Jan. 1.

At the same time, mobilization officials reported similar reductions are under consideration for producers of consumer durable goods including refrigerators, washing machines, lamps and hundreds of other items.

The action resulting from reduced metal allotments would cut car output from the current rate of 1,100,000 autos in October, November and December to approximately 700,000 to 800,000 units during the first three months of 1952.

Defense Production Administrator Manly Fleischmann may announce the new cutbacks in metal supplies this weekend after top mobilizers decide the question at a conference next Friday.

The agency's production advisory committee has recommended the sharp cutbacks in civilian industrial operations to save steel, copper and aluminum for the defense program which is scheduled for a substantial upswing starting in January.

Preliminary recommendations call for a 46 percent reduction in auto aluminum supplies and a 25 percent cutback in the use of the metal by consumer durable goods manufacturers.

In this connection, officials said there has been no decision as yet on whether the government should ban the use of aluminum in some products to keep other manufacturers in business.

Fleischmann and Defense Mobilizer Charles E. Wilson have the choice of ordering an outright ban or giving producers small quantities of the scarce metal so they may decide whether or not to close down their plants.

The DPA director has said the government hopes to avoid issuing an order banning aluminum, but other officials said that if the directive does not come in January it may be put into effect in April.

In advance of the Friday meeting, officials said that agency experts are trying to figure out a way of permitting higher auto output.

One official said there are some differences of opinion as to how many cars the industry will be able to produce when it receives its metal allotments for the first

Stassen On O.W.U. Series

DELAWARE, Oct. 11—Harold E. Stassen, former governor of Minnesota now serving as president of the University of Pennsylvania, has consented to speak here Jan. 14 on the Ohio Wesleyan University Lecture-Movie series.

Signing of the contender for the Republican presidential nomination, along with acceptance of an April 15 date by the Town Meeting of the Air, rounds out the 1951-52 series at O.W.U.

Another headliner, Robert Vogeler, American businessman who recently was released from imprisonment behind the "Iron Curtain," will appear on the series Nov. 5.

Cornelia Otis Skinner, popular author-actress, will open the series at 8:30 p.m. Friday, Oct. 19, in Gray Chapel.

Lumber Dealers Hear Talk on Use of Pine

Uses of western pine in mill work were described at a dinner meeting of the Ohio Association of Retail Lumber Dealers, district No. 11, by Robert Harris of Cincinnati, representative of the Western Pine Association, Tuesday night at the Hotel Harding.

Twenty-two members from the district were present to hear Dr. Harris and to see movies on the different phases of mill work, from the forest to the finished product.

Three Join Board Of Red Cross

Mrs. Brown, Dowler, Rev. Faulkner Become Directors

Three new members were welcomed at a monthly meeting of the Board of Directors of the Marion County Chapter of the American Red Cross Wednesday at Hotel Harding. They are Mrs. Marvin Brown, Rev. R. W. Faulkner and John Dowler.

Richard Probst, vice chairman, presided for the meeting. Business included reports of chairmen and announcement of plans for activities of the near future.

Mrs. Brown has been named chairman of the Junior Red Cross. The resignation of John Dowler as

treasurer was accepted and G. W. Anderson named as his successor.

Christmas Program

Miss Lillian Plack, executive secretary, announced that the local chapter had been asked to participate in a nationwide movement providing a "Christmas on the High Seas" for men in service. The county chapter has been asked to provide 25 packages of supplies to be delivered to headquarters not later than Nov. 20. Mrs. E. G. Siefert is chairman for this project.

Mrs. Brown announced the following advisers for the Junior Red Cross: Supt. Lester L. Dickey of the public schools, Very Rev. William J. Spickerman, V.F., St. Mary parochial school, and Ivan Barnhart, Marion County schools. The local budget was presented by J. W. Llewellyn. Miss Mabel Powers presented the work of the home service department showing the increase in the work over a period of three years. The next visit of the Bloodmobile was announced for Oct. 25 and 26. On the first

day the unit will be at the Marion Power Shovel Co. plant and the second day at the First Presbyterian Church.

Service Reports

The following reports on the volunteer services were presented: administrative, three persons volunteered 19 hours during September; canteen, 17 persons gave 62 hours service at the Blood Center; Gray Ladies, five persons gave 28 hours at the City Hospital and Bloodmobile Unit; motor, three persons volunteered 19 1/2 hours serving the Bloodmobile unit; social welfare aide, two persons gave 72 hours service in Home Service staff aide 25 persons gave 150 hours at the visitor's desk; City Hospital; volunteer nurse's aide, eight persons gave 50 hours' service with the Bloodmobile Unit.

MOTHER INSTINCT

HAMILTON, Tex. —(UP)—A cat owned by Charlie Rost adopted a new family after losing her kittens. They were three orphaned baby skunks.

Books Increase From 5 to 90

Takes Big Library To Teach 3 R's Today

PROGRESS — Jane Blackwell, first grader of St. Joseph, Mo., shows what has happened in U. S. schools in the past 60 years. Behind her are the five books used in the first three grades in 1890. Stacked before her are the 90 books she will use in three grades. Behind the big stack is the "big book" used in first grade. She holds one of the arithmetic cards, one of her other school aids.

ST. JOSEPH, MO.

NINETY books are used as texts by children in the first three school grades here compared with five in 1890. George L. Blackwell, superintendent of schools, checked up on school changes when his daughter, Jane, started to school this year.

Even this difference does not give the full contrast. In 1890, the five books of the first three grades were used even in the higher grades. Today, the 90 volumes are only the start. School libraries are used to supplement reading and other text books. The St. Joseph school system has 52,000 books available to school children.

In addition there are many visual and audio aids today. They take the place of the slate which was the only comparable device used 60 years ago.

The five 1890 books were a reader, an arithmetic, a speller, a geography and a copy book. Today there are a number of books in each of these categories. They are written in words children use frequently and are based on experiences every child has. The children comprehend them quickly.

In addition there are books on science, music, safety, health, art, writing and social science.

The modern books have more pictures, larger type and are better adapted to the child, Blackwell thinks. School terms are longer and the child absorbs more.

St. Cecilia's Guild Opens New Season

A potluck dinner, followed by a business session and program hour, opened the fall and winter season of St. Cecilia's Guild of St. Paul Episcopal Church Tuesday night in the parish house. Mrs. Marion Burton, president, presided.

During the business session Miss Doris Hazen was appointed treasurer and plans were completed for the square dance to be held Oct. 23. Mrs. Fanny Benson is chairman for the dance and is being assisted by a committee composed of Miss Winifred Thomas, Miss Harriett Alexacke, Miss Kathleen Thomas and Mrs. Robert Hazen. A rummage sale was announced for Nov. 9 and 10 at the parish house, to be sponsored by the Women of St. Paul's Church.

Mrs. Roger Morgan gave a talk on "History in the Old Testament," for the program hour. Rev. Frederick W. Leech, rector, and Mrs. Leech, were guests.

The next meeting will be Nov. 13, when Mrs. Phyllis Guthery will give a talk on the Passion Play at Oberammergau, which she attended. This will be an open meeting and members may invite guests, it was announced.

Love Triumphant

By ADELE GARRISON

"Let's bring the chairs together to make a foursome instead of a couple of twosomes," Hank suggested, with a grin at his partner's quip. "We'll put you in the center, Bess, and make a sort of ring around you. That will make it easier for you to swing your quirt."

"Don't trouble yourself!" Bess said with a laugh. "I can play spots often any one of you from any position whatever. I've had lots of practice."

"We'll bend our necks to the rod," Mildred told her with a smile, and then Bill and Hank gallantly put the girls into the chairs they had rearranged in a circle, and the "foursome" settled down to a lovely "conversation piece."

My father nodded his gratification at their prompt acceptance of his suggestion, and then, with his hand beneath my elbow, ushered me to the chairs where Lillian and Harry Underwood were reading in the placid companionship

which comes to couples long and happily married. They put down their books immediately as we came up to them, and Harry brought chairs for us close to their own.

"Nice work, Chief," Lillian told him with a gamin grin. "It takes some doing to break up a twosome like Bill's and Mildred's."

"I hated to do it," my father said ruefully, "but it was a necessity. They've got to practice being together so they'll be better-perfect when they give a performance."

We all looked at the four, now in animated conversation, punctuated with laughter, and Harry Underwood pronounced judgment. "They're going to do all right," he said, after a pause, and my father smiled in comradely fashion at him.

"I agree with you," he said. Then he turned to me.

"And I agree enthusiastically with your opinion of Mildred Grey," he said. "I really was quite

dubious about her, but now I am sure she is going to measure up to the rest of the quartette."

"I am so glad," I told him, and then he and I and the Underwoods settled down for an old-time visit which lasted until Dicky, with Junior and Roderick, came back into the living room with the telephone men.

"All set, Dad," Dicky reported, and the workmen moved toward the door.

"Wait!" my father said peremptorily; then rose and walked toward the corridor leading to Dicky's room. He turned at the door, and looked at the leader of the workmen.

"Sorry to keep you waiting," he said, "but this is most important. I must send a message out myself, and satisfy myself that everything is in working order before I let you go."

"We tested everything," the man said, a bit sullenly.

"I know you did," my father replied cheerily. "But you'll have to pardon an old man's fussiness. I won't keep you long."

He kept his word, returning to the living room in less than two minutes and dismissing the work-

men with the assurance that everything was in perfect order. When they had gone he turned to the rest of us.

"I must leave you now," he said, "but with that private unlisted telephone installed, we can get each other at any time. But please use code always. I'll see you again before the party and let you know the minute I hear from my contacts where the 'college heel' is going to sling his next party."

Mark 66 Years For Galion Clubs

Special to The Star
GALION — Commemoration of two anniversaries featured the regular meeting of Naomi chapter, Order of Eastern Star, Tuesday night in the Masonic Temple. The chapter celebrated its 66th birthday, and honored the 50th wedding anniversary of Mr. and Mrs. Frank Thomas, past worthy patron and past worthy matron, respectively.

During the regular meeting of the chapter for which Miss Lucy Ailer presided as worthy matron, a ceremony was held in observance of the 66th anniversary of the chapter. At this time, Charles Klossner presented a gift to Mr. and Mrs. Thomas, in behalf of the chapter.

The Thomases were given a party in the dining room of the temple following the chapter meeting. There were a number of relatives and friends present besides members to help celebrate the wedding anniversary. The program was planned by Mrs. C. F. Zimmerman and Mrs. J. Martin Shawber. This included piano number, Patricia Durtich; readings, Mrs. Don Battershell; vocal numbers, J. Elwood Christman; a skit, "This is Your Life," presented by the past matrons of the chapter in honor of Mr. and Mrs. Thomas.

During one of the two years that Mrs. Thomas was worthy matron of the chapter, her husband served as worthy patron. She was treasurer of the chapter for 20 years, and also served as deputy of the district of the Order of Eastern Star.

Please Pass the Spaghetti

MEAT BALLS AND SPAGHETTI... A sauce that is different.

By CECILY BROWNSTONE
Associated Press Food Editor
You'll probably be reminded lots of times during National Macaroni Week (October 18 to 27—another of those long weeks) that macaroni products are particularly useful right now, in family meals, because they're so economical. A really good macaroni dish is fine for a buffet supper, too, and will help to keep the "entertaining" bill down.

Here's an especially delicious spaghetti and meat ball recipe that includes all the details—explicit directions for making the sauce and meat balls and preparing the spaghetti. This sauce is different: it's full-flavored but smooth. The onions and green pepper are cooked in the olive oil, the tomatoes are added, and then the whole thing is strained. Olive oil's distinctive flavor can't be duplicated and it's indispensable in dishes of this sort that are of Italian origin.

SPECIAL TOMATO SAUCE
Ingredients: 1/4 cup olive oil,

1 teaspoon marjoram, dash tabasco sauce, 2 teaspoons salt, 2 cloves garlic.

Method: Heat olive oil in a heavy skillet. Add onion and green pepper and cook over low heat until tender. Add tomatoes. Force through strainer. Return to skillet and add tomato soup and tomato paste. Bring to boiling point; reduce heat and add stocks, Worcestershire sauce, oregano, marjoram, tabasco sauce, salt, and garlic cloves that have been impaled on wooden picks for easy removal. Cook slowly for 30 minutes; add browned meat balls and cook 15 minutes longer. Serve with Parmesan Spaghetti.

MEAT BALLS

Ingredients: 2 eggs, 1/4 pound ground beef, 1/4 pound ground pork, 1 cup fine dry bread crumbs, 1/4 cup grated Parmesan cheese, 1/2 cup milk, 1 teaspoon salt, dash garlic salt, 1/4 cup olive oil.

Method: Beat eggs in mixing bowl enough to combine yolks and whites. Add beef and pork, bread crumbs, Parmesan cheese, milk, salt, and garlic salt; mix well. Shape into small balls. Heat olive oil in a heavy skillet; saute meat balls until well browned. Add to sauce during the last 15 minutes of cooking.

PARMESAN SPAGHETTI
Ingredients: 2 tablespoons salt, 4 to 6 quarts rapidly boiling water, 1 pound spaghetti, 1/4 cup grated Parmesan cheese.

Method: In a large kettle add salt to rapidly boiling water.

Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Turn into serving dish, sprinkle with Parmesan cheese and toss lightly. Serve at once with Special Tomato Sauce and Meat Balls.

Bucyrus Industries Open Chest Drive

BUCYRUS — Community Chest solicitations in industries were started Wednesday following a meeting Tuesday night of the industrial division leaders and workers in the chest's 20th annual campaign here.

Solicitations in other divisions, including commercial, government, professional and residential, will not begin until next Monday night, J. F. Kebe, campaign general chairman, announced. Goal of this year's campaign is \$21,229. Last year's drive produced \$21,065 against a goal of \$23,140. R. L. Hinamon of the Swan Rubber Co. and James Hager of the General Electric Co. are chairmen of the industrial division. Their assistants include Nick Vasil, O. Rehn, F. Campbell, John Ensey, Val Shallenberger, Max Clemens, M. E. Schieber, Rudy Limpach and Arthur Lust, C. L. Hinaman, Russell Fowler, Paul Linser and J. W. Gruler.

The campaign is scheduled to end Oct. 25.

Guest Artists Give Program in Galion

Special to The Star
GALION—Several guest artists appeared on the program Tuesday night for the regular meeting of the Pro Arte Music Society. This was arranged by Mrs. Carl Freeman and held at the home of Mrs. Ted Kirtland, who was assisted in entertaining by Mrs. Robert Poole.

Mrs. Harry Byers of Mansfield, pianist, presented a half hour of piano selections. A native of Scotland, Mrs. Byers also sang several folk songs and played her own accompaniment. Miss Forrest Skinner of Mt. Gilead, vocalist, appeared for a group of numbers. She was accompanied on the piano by Miss Lois Florence of Mt. Gilead. A Galion pianist, Miss Jane Breech, also appeared on the program. The program also included a paper which was read by Mrs. Eugene Drexel. A business session was conducted by Ben Harris.

OUT OF SEASON

Wyandot Fairgrounds To Have Custodian

Special to The Star
UPPER SANDUSKY—A residence is being constructed at the Wyandot fairgrounds to be used by a resident-custodian for the grounds. A contract for the general construction has been awarded by the Fair Board to Neidikohr Bros. of Upper Sandusky. Cost of the home including the piping of water and gas and provision for drainage, will total an estimated \$8,000 said Fair Board Secretary, Ross A. Winter, of Upper Sandusky.

New buildings recently added to the grounds, including the dining hall and Junior Fair building, are frequently used for meetings and other buildings are used for storage throughout the year. Plans are also being made to use the recently completed horse barn as winter quarters for pacers and trotters making the circuits in this territory.

A cinder track will be laid at the outside ring of the race track to provide a winter training path. The new building and increased year-round use of building and grounds are cited for the decision of the board to employ a resident-custodian. The position has not yet been filled.

Good Cheer Circle Endorses School Levy

Endorsement of the proposed 4-mill school operating levy was voted by the Good Cheer Circle of King's Daughters when members met Monday night at the home of Mrs. Joseph Burns of 239 Johnson street. Serving as co-hostess was Mrs. David Cross.

All-Male Congressional Junket May Soon Be Thing of the Past

WASHINGTON, Oct. 11—Chalk up another victory for women. When the men-folks in Congress go junketing off happily to remote parts hereafter, it's more than likely that at least one lady legislator will be going along.

The men may not like this. Some dislike it very much, in fact. But a fast team play by Rep. Hoffman (R-Mich.) and congresswoman Katharine St. George (R-N.Y.) has put them squarely on the spot.

Either they'll have to take the ladies on their occasional inspection

trips to London, Paris and elsewhere or a cloud of suspicion raised by Hoffman and Mrs. St. George will follow them every inch of the way.

Until now these junkets, which will resume when Congress adjourns in a few weeks, have been pretty much all-male affairs.

And then up rose Michigan's gray-haired Hoffman to suggest a reason for this apparent sex discrimination.

"Members," he said, "have been doing something that they do not want the women to learn about."

Delightfully, Mrs. St. George seconded the aspersions.

"I understand," she told the House, "that some of these women are very hard-working women. They are inclined to keep other members of the committee to the grindstone."

"I can see for that reason they are not desired on these trips. They may spoil some of the more pleasurable moments, some of the recreation."

While her male colleagues were "no-commenting" on all sides, Mrs. St. George said women on congressional junkets ask no special privileges. "They take most of the rough as well as the smooth."

"They wear slacks?" Hoffman inquired.

"They do, indeed," Mrs. St. George assured him. "I am told they even go up rope ladders..."

What prompted this one-two punch was a rumor that an executive expenditures subcommittee was packing its bags for an on-the-spot inspection of war surplus dealing in Europe—and that no women were invited.

Legion Officer Speaks at Galion

Special to The Star

GALION — The famous Amerasia case was discussed in a talk by Grant Keys of Elyria when he appeared as guest speaker for the Commander's banquet of Scarbrough Post, The American Legion. The banquet was attended by 400 members, Monday night, at the Legion Home.

Keys is chairman of Americanism committee in the Fifth District, Ohio Department of American Legion.

The Amerasia case, Keys believes, will at a later date be investigated by the United States Senate. He said that the editors, all Communists, had published in the Communist magazine, in 1945, many top secrets of the Army, Navy and State Department. Over 1700 documents were found in their offices, and some published, such documents that the possession of which would bring conviction of espionage. Only two of the editors had fines of \$500 for having the documents, Keys said and there were no charges of espionage.

Teachers Back School Levy

Vote Financial Support to Drive

The Marion Education Association, at its first meeting of the 1951-52 school year, endorsed and voted its financial support to the campaign for 4-mill school operating levy. The meeting was held Monday afternoon in West Hall at Harding High School.

Miss Clara Alice Wilson, president, presided for the meeting during which Mrs. Mary Alice O'Brien was elected treasurer of

the group to succeed Mrs. Pauline Hedding. Other officers are Norman Folt, vice president, and Miss Janet Ebert, secretary. Committee chairmen for the year were named by Miss Wilson as follows:

Mrs. Mary Alice O'Brien, membership; Clark Fouts, budget; Miss Janet Geddis, social; Miss Bessie Snider, professional relations; Norman Folt, legislative; Miss Emily Wilson, publicity; Miss Viola Rinnert, professional activities; Darl Gatchell, salary; Lawrence Daly, public relations; Miss Dorothy Klehm, flowers; Miss Reta Van Meter, advisory council representative.

Miss Bessie Snider, delegate to the 89th annual convention of the National Education Association,

gave highlights of the convention held in San Francisco July 1-6. The association also sent Miss Wilson and Miss Viola Rinnert to the 15th annual fall training camp at Camp Muskingum Sept. 14-16. Miss Wilson gave the report on that leadership conference.

The next meeting of the association will be Monday, Dec. 10.

Jewish Women's Council To Mark 58th Anniversary

Members of Marion Section, Council of Jewish Women, will join others throughout the country in listening to a broadcast over national networks Saturday celebrating the 58th anniversary of the founding of the national council. The time is 12:30 to 12:45 p.m. EST.

In 240 localities throughout the country, the council's 94,000 members will formally dedicate themselves to renewed efforts for better health, better schools, better practice and understanding of freedom.

The council is the oldest national Jewish women's organization in the United States and was founded in 1893. Its work includes community service projects, an education and social action program. It sponsors scholarships, maintains an overseas program and carries on many other civic and humanitarian projects.

Your Good Health

By DR. HERMAN N. BUNDESEN
Infants' Tear Duct Disorder

Persistent tearing of one or both eyes in infants from 1 to 12 weeks did usually indicate blocking of the tear duct. Though present at birth, the blocking does not ordinarily show up until the child is at least two weeks old.

Mothers worry over this condition and are likely to misinterpret it, often using eye ointments in the child's eye because they believe the excessive tearing is caused by infection.

Very often it is mistakenly believed that it may be due to the

silver nitrate that is instilled in the baby's eyes at birth in order to prevent eye infection. However if a careful examination is made, it is seen that, even with the severe tearing, there is relatively little inflammation, redness, or swelling of the eyes.

A narrowing or closure of the tear duct may also occur later in life due to chronic infection of the nose, accompanied by infection and inflammation of the duct. Fracture of the nose or facial bones during fistulitis or other

accidents may cause a mechanical closure of the duct.

Usually, after a prolonged blocking of the duct, a secondary infection does develop. All cases of suspected narrowing of the tear duct should be seen by the physician.

In infancy, most cases may be cured by simply milking of the contents of the duct down through the nose with fingerlip pressure. Sometimes the use of an astringent, known as collyrium, may be of help.

If these methods are not effective, an eye specialist should be consulted so that he may use certain metal dilators to increase the size of the tear duct.

Many times, if chronic infection is present after closure of the duct, antibiotic drugs should be employed before other methods are used to promote full flow of the tears through the tear duct.

Questions and Answers

L. S.: My husband is 32 years old. He seems to be in good physical health except that he is losing weight constantly. What would you advise?

Answer: It would be advisable for your husband to have a complete physical examination by his physician. He may be suffering from a thyroid disturbance, diabetes, tuberculosis, or some tumor which is causing his loss of weight.

Galion Couple To Mark 50 Years

Special to The Star

GALION — Mr. and Mrs. Frank C. Thomas will celebrate their golden wedding anniversary Sunday with open house from 2:30 to 5 p.m.

Since 1903, Mr. and Mrs. Thomas have lived in Galion. They were married Oct. 15, 1901, in Belmont. For the past 45 years he has been in the hardware business in Galion.

Mrs. Thomas is the former Faye Coleman. The couple have two daughters, Mrs. Thomas Dougherty of Springfield, and Mrs. George C. McClure of Galion. Their four grandchildren include twin granddaughters.

HOW IS YOUR CORN CROP?
Good or Bad You Can't Afford To Leave It in the Field. It Pays To Use a
David Bradley Corn Picker
Consider These Features:
Shorter Turning Radius: Jigged semi-mounting on side turns with tractor like one machine.
Practical for All Fields: Knocks down less corn; less waste.
No Lost Corn on Turns: Clutch can be tripped where corn would over-shoot wagon box.
Good on Rough Ground: Balanced snouts controlled by handy lever to avoid high spots and to pick up "down" corn.
Four Slip Clutches: Reduce damage to picker.
Simpler Construction: Easier to grease and adjust—less time lost, less to go wrong. Parts always available at Sears.
Quick on and Off: Attaching and detaching is a simple, one-man operation.
One or Two-Plow Tractor: Fits all popular tractors.
New Husking Bed: Delivers the cleanest corn under the most extreme conditions.
BEFORE YOU BUY Stop at Sears Farm Store and see for yourself all of these features plus many others you must see to appreciate.
FARM OWNERS SAY It's the safest and most efficient picker you can buy.
THE PRICE IS RIGHT Let us arrange for home demonstration in your own field.

Good on Rough Ground: Balanced snouts controlled by handy lever to avoid high spots and to pick up "down" corn.
Four Slip Clutches: Reduce damage to picker.
Simpler Construction: Easier to grease and adjust—less time lost, less to go wrong. Parts always available at Sears.
Quick on and Off: Attaching and detaching is a simple, one-man operation.
One or Two-Plow Tractor: Fits all popular tractors.
New Husking Bed: Delivers the cleanest corn under the most extreme conditions.
BEFORE YOU BUY Stop at Sears Farm Store and see for yourself all of these features plus many others you must see to appreciate.

One Man's Opinion

By WALTER KIERMAN

Tomorrow we mark another anniversary of the discovery of America by Columbus . . . He claimed the whole country for Spain but later visitors found it more profitable to just latch onto a piece of the Treasury.

But anyone who would like to know how long fame lasts can get a hint from the complaint of the New York merchants that the Columbus Day parade interferes with the Columbus Day shopping.

They are in favor of the holiday provided it doesn't take anything from the holiday shopping.

This is putting the Pinta ahead of the Nina even if they didn't finish in that order.

My barber says next there will be complaints that Christmas Day forces stores to close which otherwise might be doing a nice Christmas business on that day.

You hear considerable about American "know-how" but sometimes there's some doubt as to whether we're getting more marvelous or mammoth.

Poor Still Get Bread

Under Old Legacy

PORTSMOUTH, N. H.—(UP)—St. John's (Episcopal) Church still keeps alive the spirit of a legacy left nearly two centuries ago to the parish's poor.

One Sunday each month a loaf of bread is placed on a table in the entrance of the church. The practice resulted from a \$1,000 legacy left by Theodore Atkinson, who died in 1779.

Atkinson specified that the money be used to buy \$1 worth of bread for distribution each Sunday among the church's poor. It was done for 100 years. Finally the vestry took the matter to court and asked for a more practical outlet for Atkinson's charity.

The court approved a request to transfer the money to the church's general funds. But, one Sunday a month, the sexton still places bread on the table in memory of the bequest.

The late financier Thomas W. Lawson built on his "Dreamworld" estate at Egypt, Miss., a 30-foot brick tower to house a carillon.
